Representational government isn't authentic democracy.wordpress.The genius my dad contributed is the method of making consensus-based decision making processes a structured organization together with mutual banking, and its own production-based economy, which as an organization must expand, or perish. It means actualizing an improved civil and civic organization, and adding to that a civic-economic company (explained in my other writings) in order to afford every child the support had a need to grow as individuated people.

Independence implies that people organize among themselves to be able to meet all their existential needs, which include more than preserving corporal survival. That inbuilt expansive component is what distinguishes DESO from all the attempts to make a better way of life. By forcing decentralization to expand, as a structural component, consequent of consensus-based firm and its own mutual banking, and its own production-based economy, it will contend with mass centrist culture for members, because living in true, sovereign community provides a better standard of living;comI am encouraged that there are people really interested in making this project move into its actualization, and that eventuality is nearing. My blog page: <http://decentralizationblog>. The American Constitution cannot defend us from socioeconomic domination by centralized power. an improved culture.
