The VERY BEST COMPLETE Sherlock Holmes Collection!keywords=9781938938160& Nice Just start reading about the first page. Kindle formatting isn't so excellent in that one, however, unfortunately. Read on for more information. Kindle formatting isn't so good in this one, however, sadly. THE definitive collection of unique, Conan Doyle penned stories, I actually ended up buying (and reading and rereading) 3 different variations. My assessment of most 3 is as comes after:1 - Sherlock Holmes: THE BEST Collection - <http://www.> THE definitive collection of first, Conan Doyle penned tales, I actually ended up buying (and reading and rereading) 3 different variations.com/gp/item/B00DCD53C2/ref=x_gr_w_bb?ie=UTF8&com/gp/item/B00DCD53C2/ref=x_gr_w_bb? Because of my reading of these tales, I have sought out other gothic-type mysteries that I am hoping will continue in the genre of Sherlock Holmes, i.camp=1789&creative=9325&creativeASIN=B00DCD53C2&SubscriptionId=IMGPYB6YW3HWK55XCGG2)* That is a perfectly sufficient collection. On a final note, The Adventure of the Cardboard Package IS included in the Top Five Classics reserve, but appears in The Memoirs of Sherlock Holmes novel, as opposed to other editions that consist of it in the gathered short story novel, His Last Bow. When I 1st bought it as an ebook, it did NOT include all the stories, but before I was also completed reading it, a straightforward Kindle upgrade added all the rest, making it certifiably "full. Decent color illustrations, but fewer and further between than various other editions. At the very least, the "Film and Tv Adaptations" and Beyond the Canon" synopsis sections at the end of the reserve are also included, but do not appear in the other Sherlock Holmes collections. Not

absolutely all are created quite as equal as one would think, however. Design wise, the graphic demonstration (font choices, design, etc) of this "heirloom edition" is outstanding -- rendering it clearly better for the reason that regard than probably the "full" Sherlock Holmes books available. My five star rating is for the composing itself, which is of program, practically peerless. Individual story/chapters aren't easy to get at from the drop down menu, as they are in additional collected SH books.[amazon!redirect=true&ref_=cm_cr_ryp_prd_ttl_sol_0](https://www.amazon.com/dp/B000APR000?ref=cm_cr_ryp_prd_ttl_sol_0)* The Heirloom Collection isn't the absolute best compendium of SH stories, but it is extremely good. ink drawn dark and white, but the quality of the artwork is normally vastly more advanced than what appears in most additional SH collections. Individual story/chapters aren't easily accessible from the drop down menu, because they are in various other collected SH books. So for my money, the very best Five Classics edition (#3) is without doubt the very best one currently available. Great Kindle formatting overall, but not as great as it could possess been. And it's the absolute best of the three, in my opinion.[amazon.com/gp/search/ref=x_gr_w_bb?keywords=9781938938160&index=books&ie=UTF8&tag=httpwwwgoodco-20](https://www.amazon.com/gp/search/ref=x_gr_w_bb?keywords=9781938938160&index=books&ie=UTF8&tag=httpwwwgoodco-20)* This is actually the one actually being reviewed here.

3 - The Complete Sherlock Holmes (Illustrated) (Top Five Classics Book 17) - <http://www>. This Top Five Classics edition contains all 4 novels and 56 short tales by Arthur Conan Doyle. Watson, their adventures had been great and some of these made me think about how to solve the crime. Some brief stories even have up to three distinct illustrations! Pretty much all the plates are reproduced in pencil/pen & ink drawn black and white, but the quality of the artwork is certainly vastly more advanced than what appears generally in most other SH collections. The colour illustrations aren't poor either, but there really aren't all that lots of for such a big book, filled up with so many classic tales. The stories include just enough detail to aid the plot logically but usually do not bog the reader down with unnecessary description.

2 - THE ENTIRE Sherlock Holmes: Volumes 1-4 (The Heirloom Collection) - <http://smile>. IT CAN include all 4 novels and 56 short stories, but the book is all text, without real illustrations to speak of. It's a little confusing initially, with therefore many "adventures" to keep track of, but be confident, the Cardboard Package and all of the rest are really there. So the game's afoot, no matter which edition you choose, but personally, if I had to do everything over again, I'd probably just buy the Top Five Classics edition.[amazon.tag=httpwwwgoodco-20](https://www.amazon.com/dp/B000APR000?ref=cm_cr_ryp_prd_ttl_sol_0)* The very best of the three, for me. It has that brand-new book smell, thin webpages, and it feels good. I love the Sherlock Holmes canon The one-star rating is because of this Kindle edition, not for the stories themselves. I love the Sherlock Holmes canon, and wanted a duplicate on my Kindle. After purchasing that one, I actually returned it to get my \$0.99 back since it does not have a table of contents. It's a collection of 4 novels and 56 short tales, and there is absolutely no way to find through for a specific story. It includes all 4 novels and 56 short stories by Arthur Conan Doyle. It can not be that hard to code in a desk of contents. VERY WELL Written and Enjoyable I have thoroughly enjoyed reading the Sherlock Holmes mysteries by Sir Arthur Conan Doyle. I am a devoted reader of the Unique Agent Pendergast novels by Lincoln and Child and these stories appear to me to end up being the precursor for the Pendergast novels. The character of Holmes in much the same as that of Pendergast albeit somewhat less aloof. They are very well written and I am not bothered by the somewhat antiquated English prose that are used in these stories. Actually, I discover that I am growing my reading vocabulary due to it. The size of these mysteries are simply long enough to learn in one seated and I've read one each night before retiring. The people are unique and well-created and add very much color to these tales. Want I'd known that before I purchased all three, but none of these collections were much more than \$3 to \$6 each, and the Sherlock Holmes:

THE BEST Collection was only 99 cents!linkCode=while2&! "THE DADDY Brown Mysteries", "Wuthering Heights", etc. Handsomely Designed, Well Formatted, and Complete This, The Complete Sherlock Holmes: Volumes 1-4 (The Heirloom Collection), isn't the very best Sherlock Holmes collection, but it is incredibly good. Most importantly, it does contain all 4 novels and 56 short stories by Sir Arthur Conan Doyle, though not always in the very same order as other editions -- making it a little confusing, when comparing different editions, to determine if all of the stories are actually included (and they are). Design sensible, the graphic demonstration (font choices, layout, etc) of this "heirloom edition" is superb -- rendering it clearly better in that regard than probably the "full" Sherlock Holmes books currently available. The color illustrations aren't poor either, but there really aren't all that lots of for such a large book, filled up with so many classic tales. In my quest to find the holy grail of Sherlock Holmes literature, aka;amazon. The original print stories are really the best Great to read the initial stories after viewing and hearing about them in pop culture for so many years.amazon.tag=httpwwwgoodco-20&linkCode=qs& Again, probably not the best Sherlock Holmes collection, but images wise, it is certainly the most handsome. Just about all the plates are reproduced in pencil/pen &camp=1789&creative=9325&creativeASIN=B00DCD53C2&SubscriptionId=1MGPYB6YW3HWK55XCGG2)* This is a perfectly adequate collection. It DOES consist of all 4 novels and 56 short stories, but the publication is all text, without real illustrations to talk about. When I first bought it as an ebook, it didn't consist of all the stories, but before I was even completed reading it, a straightforward Kindle revise added all of the rest, making it certifiably "complete. Therefore the game's afoot, no matter which edition you select, but personally, easily had to do it all once more, I'd probably just buy the Best Five Classics edition. At any rate, the "Film and Television Adaptations" and Beyond the Canon" synopsis sections at the end of the reserve are also included, but do not appear in the various other Sherlock Holmes selections. In my own quest to get the ultimate goal of Sherlock Holmes literature, aka;2 - THE ENTIRE Sherlock Holmes: Volumes 1-4 (The Heirloom Collection) - http://smile. So if you don't care about illustrations, design quality, or good Kindle formatting, you may conserve a few bucks by selecting that particular version of the reserve (see #1 above). Pictures The picture does no justice.com/gp/product/B007PTIPEY?redirect=true&ref_=cm_cr_ryp_prd_ttl_sol_0* See above.tag=httpwwwgoodco-20& Just start at the start and scroll forever." If you see a overview of The Ultimate Collection that says it isn't complete, it's probably just an old review. Great Kindle formatting. It's just a little confusing at first, with therefore many "adventures" to keep an eye on, but be confident, the Cardboard Container and all the rest are really there.amazon.com/gp/search/ref=x_gr_w_bb? Remember to look closely at the cover of all these "complete" Sherlock Holmes books.index=books&linkCode=qs& I really like this product and have uploaded 2 pictures showing what it really appears like. This Top Five Classics edition includes all 4 novels and 56 short stories by Arthur Conan Doyle. Kindle formatting is outstanding, and on top of that, most (if not absolutely all) of the traditional illustrations that accompanied the original, first run publication of each story are included. Therefore for my money, the very best Five Classics edition (#3) is without doubt the most effective one currently available.linkCode=seeing that2& Most importantly, it does include all 4 novels and 56 short stories by Sir Arthur Conan Doyle, though not always in the very same order as additional editions -- making it a small confusing, when you compare different editions, to determine if all the stories are actually included (and they really are). Some short stories have even up to three distinct illustrations! Want I'd known that before I purchased all three, but none of these collections were a lot more than \$3 to \$6 each, and the Sherlock Holmes: The Ultimate

Collection was only 99 cents! So if you don't care about illustrations, design quality, or good Kindle formatting, you may save a few bucks by selecting that one version of the reserve (discover #1 above). On your final note, The Adventure of the Cardboard Container IS included in the very best Five Classics publication, but appears in The Memoirs of Sherlock Holmes novel, instead of various other editions that include it in the gathered short story novel, His Last Bow.³ - The Complete Sherlock Holmes (Illustrated) (Top Five Classics Book 17) - <http://www>." So if you see a review of THE BEST Collection that says it is not complete, it's probably simply a vintage review. My evaluation of all 3 is really as comes after:¹ - Sherlock Holmes: THE BEST Collection - <http://www>. Great gift Great gift AWESOME!![com/gp/product/B007PTIPEY](http://www.com/gp/product/B007PTIPEY)? Instant traditional!!e. With the miracles of capitalistically fueled competition, each edition of all 4 novels and 56 short stories by Sir Arthur Conan Doyle is beginning to look a lot more similar. Don't look for a good tale just dive in. I examine a couple and have a break. I'm not really binging my Sherlock. But it's there when. I would like to dive in for a mind bender. Nice stories and great mysteries. I adored Sherlock and Dr. Kindle formatting is superb, and on top of that, most (if not all) of the classic illustrations that accompanied the initial, first run publication of each story are included. However is important to understand that the Case-Publication arc is incomplete. Five Stars free book enough said. I hope everyone read this book I like this kind of book And fast delivery Great Great volume, great binding
