Looking for the purchase? Want to learn how to Launch a short Coin Offering? Planning to organize an ICO? Today, ICO is Low-Cost Growth Funding and it is the most convenient device for attracting investments, including due to the lack of legal regulation and guidance. This Book will help you organize your ICO from A to Z. ICO (Initial coin/token giving) is a fresh crowdfunding mechanism for startups, allowing tasks at an early on stage to gather the necessary funds in a brief period of time. Thinking about how to issue Tokens, develop Smart Contracts, register a Company, established KYC/AML, promote ICO marketing campaign & collect finds? During the book, you will learn how to prepare, start, and promote ICO, understand the specifics of smart contracts and types of digital tokens, get familiar with technical tools to get releasing tokens, and learn how to place tokens upon crypto-exchange exchanges and how to collect cash and raise capital. Furthermore to development funds, the young company gets a community of loyal users who can test services and support the task on the market. But despite the apparent simplicity, an effective ICO is a complex procedure, which should be carefully prepared. ICO isn't just money.
