From the activist and Sundance Award-winning filmmaker of *Fuel* and *Kiss the Bottom* comes an ambitious book showcasing the captivating stories of Millennial change-makers in order to empower and motivate today's adults to rise up with their prospect of greatness. While these challenges may be challenging, Millennials are part of the largest, most educated, most digitally plugged-in era to date and *The Revolution Era* elucidates their often-overlooked strengths and shows how they can create a brighter, even more sustainable and democratic future for themselves. In no uncertain conditions, the future of humanity rests on their shoulders. From sex and dating, to parental relationships, to jobs and the economy, Millennials live within a dynamic interplay of technological advancements and real life setbacks. Their connection and global awareness have created astonishing new opportunities, but also have come at a time of peril. According to the United Nations, today's and all of humanity. Labeled Era Y or Millennials, theirs is the 1st digitally fluent era. With eye-opening study and inspiring interviews, *The Revolution Generation* may be the 1st in-depth exploration of the world-changing activism and potential of individuals born between 1980 and 2000.s youth encounter the ten largest global crises in human history (including the sixth main species extinction, a rapidly changing climate, and a worldwide refugee crisis). *The Revolution Generation* can be soon to become a full-duration documentary featuring Bernie Sanders, Shailene Woodley, Rosario Dawson, and more.
