Blockchain and Cryptocurrency are arguably probably the most fascinating technologies because the dawn of the internet. Sadly, educational resources that currently exist tend to be overly challenging and hard to comprehend. I have created what I refer to as "The Crypto Handbook" Below are the topics that I cover: What exactly are Cryptocurrencies? that is easy to follow, then one you can keep on hand as a reference guide. What is Cryptocurrency mining? What are Cryptocurrency wallets (and how do you keep your coins safe? How can you make cash with Cryptocurrency?) What exactly are Preliminary Coin Offerings? Top 5 Cryptocurrencies explained What is certainly Blockchain?) How do you buy Cryptocurrency (and which exchanges should you use?
