Tame bitcoin and cryptocurrency investing without the strain and extreme risk taking  
People possess different opinions about cryptocurrencies (or "cryptos") Whatever happens, it's  
Instead, learn how to safely navigate this new, fascinating and quickly evolving asset class with The  
Crypto Portfolio. Some believe bitcoin and various other cryptos will earn them substantial  
investment returns for several years to arrive, and we are actually at the forefront of the best  
wealth building opportunity today. In this book, you'll learn which will probably pop tomorrow. If  
you're safe and sound to state there are risks included—but with the proper approach, much of  
those risks can be reduced without compromising about the prospect of solid expense  
returns. In The Crypto Portfolio, Jonathan Hobbs, CFA, has an informative information for  
cryptocurrency traders of all levels. With his concise and jargon-free design, Hobbs simplifies  
the complex world of cryptocurrencies and arms you with practical steps to purchase them  
with much less risk. Others believe cryptos are in a wildly overvalued "bubble." I'll learn: • Pick up your  
copy today by clicking the button at the top of this web page! crypto or otherwise. • How  
blockchain works, and just why it's such a big deal. • Advanced areas of crypto investing,  
including ICOs and specialized analysis. • How to safely store and exchange  
cryptocurrency. The inner workings of cryptoassets like Bitcoin, Ripple, Ethereum and  
more. Don't get consumed by the crypto hype in the news—nobody may predict the future. re  
street). Strategies, insights, and the mindset for effective investing—

Exceptional reference for cryptocurrency traders of all levels. Ideal for beginners and more  
experienced investors Extremely informative and well written I am relatively not used to  
studying crypto currencies and how exactly to purchase or trade them. The writer starts with  
the basics and covers each stage of the complicated topic with good examples and easy to

comprehend explanations. Great reserve. He's also got a great blog at stopsaving. That is Simple Well crafted and easy to follow. Buy it. You will not be sorry! Easy to follow and chocked filled with solid advice. Keep it Simple. Among the best crypto currency books I've read. Thank you! Excellent overview of cryptocurrencies, including investment strategies and technical explanations. I've been researching crypto for a long time, and this may be the best work I've found. Didn't over fill the reserve with blather dribble. In case you are new to crypto and thinking about investing in crypto, you'll get a lot of great information right here! Great intro to buying crypto This is my first exposure to crypto and generally in investing. Excellent overview of the Crypto world! I anticipate reading the other publication! Excellent book. Then he continues on to describe much more challenging topics and trading strategies that are nothing at all short of brilliant. Very grounded and sensible. Excellent content and very readable and follow. Practical advice I like the fact that is compiled by a CFA. The lessons learned about Worth Averaging will be applied to all my expense strategies, not just crypto!com The end of chapter summaries are nice. Five Stars good book This is a good read. Well done Jonathan This is a good read. Easy to understand and practical. Jonathan products you with the tools to start out your investment journey immediately. The perfect book for cryptocurrency investors and prospective investors! I have read many e-books on cryptos, which book is by far the most informative one I have read. Take an hour and gain some knowledge. Nicely done Jonathan Hobbs! good intro good intro Average Very basic to typical information about cryptocurrancy. If you are averagely educated pass this one by
