How to Make Money with Bitcoin and Crypto Currencies: From Beginner to Badass: A No-Nonsense Guide to Bitcoin Investing

[continue reading](#)

I write this simply because I am about to board a plane to an undisclosed European nation to physically claim back (my) cash from a high rated European lender that "stole" it immediately.

That is how "safe" your money is with banks. You will discover how exactly to leverage this revolution in your favor, including which currencies to buy, when to buy them, when to market them, how exactly to protect them, and last, however, not least, the currencies to purchase that make you a regular, "passive income" dividend payment. I don't get this to statement lightly. We are creating this publication, so this won't happen to you. Cryptocurrencies are here to disrupt a dysfunctional financial system, and to end the unjustified power of several large corporations.

Since its inception, Bitcoin is a controversial threat to traditional finance institutions, and whether they enjoy it or not really, there is no denying that Bitcoin, cryptocurrencies, and blockchain technology are here to remain. Actually, I am creating this publication on cryptocurrencies, so you can profit from this paradigm change from centralized capacity to decentralization. Cryptocurrencies are also one of the greatest wealth transfers ever sold, which is your opportunity to take part in it and reap some of the greatest benefits. In How to Make Money with Bitcoin and Cryptos, you will learn how grow and, most of all, to protect your hard-earned money from something where banks think about your money, their money. And it comes from a former Vice President at two of the world's largest financial institutions, Deutsche Lender and Barclays Bank.
