Unknown Person Or People: Unknown Person Or People : Who is Satoshi Nakamoto? How To Start Using Bitcoin

[continue reading](#)

More than often, those who are newly introduced to Bitcoin do not know that the currency is already several years old. The thought of Bitcoin was first introduced in 2008, whenever a man named 'Satoshi Nakamoto' released a paper on The Cryptography Email list at metzdowd.previous school' Bitcoin fans.com. This paper was known as Bitcoin: a peer to peer electronic cash system and continues to be a traditional among the ' Not that much later, in '09 2009, he released the first Bitcoin software that enabled the globe to start out using Bitcoin.
