Beyond the Ordinary Self, The way of the autonomous professional in a decentralized world

[continue reading](#)

The path to financial and professional freedom in the 21st century and beyond requires that we think like entrepreneurs and seek autonomy and a willingness to transform our Selves good emerging value structure of a global, decentralized economy. This is the second volume in a two-book series about leading and thriving inside our 21st century economy. The road to professional and financial freedom in the 21st century, focuses on the rapidly changing marketplace and how to claim a position of excellent leadership in it. The first book, Beyond Common Leadership – In a slightly different vein, Beyond the Ordinary Self focuses on the transformation of the Personal that's necessary for professionals to complement marketplace transformations.
