'Sasquatch Sagas- A Violent World'. James P, Encounter Survivor About the Author As a kid W.. Funny in parts while tragic in others and an excellent read from begin to end. It comes after the trials and tribulations of a Juvenile Sasquatch orphaned and only in the wilderness, fighting desperately for survival in a severe and dangerous world. After his parents and innocence are both violently taken from him he must reconcile the horror of his grief and come to grips with the raging anger of his internal demons. During his traumatic arriving old, the identities of the true monsters in his globe shift and flow like shadows in the fog. Wildwood ran wild in the rugged, mountainous terrain of his family's farm... if he's to have any wish of surviving his odyssey towards the Pole Superstar and hoped-for redemption." .." can be an empowering novel of discovery, adventure and initiation into adulthood..An amazing but believable tale incorporating Bigfoot lore and study, Dogman, Government cover-ups, and blending everything together within an action packed tale of life, love, beginnings and endings in addition to the turmoil that goes with it.com..R. 'A Violent World' is a tale of tragedy and wish, violence and tenderness, where the young Sasquatch must learn to harness his emotions and expert his burning, internal rage at his misfortune. Many weekends were spent in National Parks recording pets and their behaviours for the many Filed Naturalist, Birdwatching and Bushwalking clubs his parents were involved in.Instead of be dissuaded from the probability of Sasquatch, his existence of wilderness exploration and animal study convinced him these were more likely to exist than not really.The countless witness reports describing encounters with Sasquatch often demonstrate a dangerous lack of understanding between the animals and humans. After developing worried about the many calls for the shooting of one to prove their presence Mr Wildwood was influenced to portray the animal's perspective... For more information, including scientific speculation, short stories and well-known encounters told from the possible viewpoint of the pet itself, check out the author'A Violent World is Quantity 1 of the series. and Sasquatch Sagas was born.s website:www.sasquatchsagas..

Exceptional book a different perspective I really enjoyed this tale I'm hoping there exists a sequel. Keep them coming! If you like Bigfoot stories that one is a really good read. The tale being informed from the Sasquatches eye managed to get very compelling.
