While there are individuals who actually embrace growing older (although we confess never to know any) most make an effort to deny it.. Funny, and worth reading This book isn't as consistently funny as "Naked Beneath My Clothes"; maybe fifty-something authors (and readers) are at night joke-a-minute stage of life. If you have enjoyed her prior function, you'll enjoy this reserve. But you'll certainly get some good laughs, and learn more about the author in the process. The tone is similar to the tone of her two novels, with some great jokes, some amusing tales, and some reflective passages. I'd state it's funnier than "Tickled Pink", however, not as funny as "Turning the Tables". But it's not a novel, so it is much more about Rita. And that's not a bad thing.. Rita Rudner Rocks! This book gives you some funny pictures of her normal life as she sees it. No Bad words from a good comedian I really like this comedian. She actually is really funny and never uses the dirty phrases that a lot of comedians feel they own it for people to like them. Lots of humor. Old but wiser. Not one of my favorites compiled by Rita, but still a worthy read. Funny if your over 50 You will enjoy this CD.net A worthy read Funny and witty as typical. Excellent purchase! Enjoy the book of 1 liners from a very funny woman...great humor. I love Rita. I believe she has aged well, as has her humor. It really is funny, witty, and makes you laugh out noisy.she is so funny. I know living with her should be a real trip. I desire she wrote a reserve a day. I'd listen to Rita Rudner read the phone book...even more of a book on observations when compared to a story type reserve, but that is a keeper. You will love it! I enjoyed this on my Kimble.Kenlou769@comcast. A light, humorous read from a funny lady Rita is right, she does still own it and I know where she place it - in this publication!. Rita Rudner never does not make you laugh and she actually is amazing at tying all her jokes jointly.. Funny and a good read She cracks me up Funny good read I enjoyed this. Five Stars Rita Rudner is indeed funny.! Good read. I enjoyed this. My favorite comedienne without close seconds. Good increase your collection Typical Rita. Really worth a browse! Her humor might not tickle everyone but it does me. Item delivered on time, Item delivered promptly, was as described
