not as detailed as I expected as an esthetician I don't feel it says plenty of about each ingredient that i've found so far....probably the best one out there however - would like to know if there is a better one to use for estheticians :) A must have for anyone who cares about what they are putting on and in their bodies You will see yourself looking up almost everything in this book, and you'll be surprised at a number of the incredibly useful information you find. Any CONDITIONER can only function/absorb in your hair for 5min.. Very useful and practical guidebook to understand the substances in t=any aesthetic product. whether it's good or bad for you, and what it was derived from, this is your publication. You will likely find yourself attempting to buy a duplicate for everyone you know with allergies or delicate skin.! If you own one of the earlier versions it's worthy of the upgrade. Im sure you have no idea what the FDA deems acceptable in what we all buy ! A MUST HAVE If you just read 1 lable, say favorite or kids hair shampoo bottle elements you'll flip.Manufactures use and combine 40letter word's to cover up what the ingredients really are saying. Adding more shortly. You Gotta Have It!.. Even gives you information on natural ingredients.SULFATES WERE ORIGINALLY ONLY FOR "STRIPPING GREASE & 3-5 kinds even in gentle,no tear,hydration,Most of em.. If you want to learn what's in your shampoo/soap/lotion/toothpaste/vitamins/etc!.. Edta, in everything, its the main ing in EMBALMING Liquid (for the dead). In your bottle you will see SULFATES. More bubbles & Simply Knowing, All The InformationIs Amazing. Go through n see.. Was longing for something more comprehensive. Extremely basic Very fundamental. I started with another edition and I must remember that the revised version is packed with additional information!! Everything You Need To Know, About What Your GAINING Your Face and Skin.Is THE FOLLOWING, In This Publication! Thats barely more than enough to try n repair what ur hair shampoo just did!..SO THAT YOU CAN Understand What Your GAINING YOUR SKIN LAYER and If YouCould End up being Allergic, To a Certain Ingredient.foamy suds isn't better fo u than SULFATE FREE unless ur a greasy, gunky, grungy engine that you will be washing. Ull flip n like me get a little upset that OUR FDA, USA APPROVES MILLIONS OF INGREDIENTS IN Meals N BEAUTY N MORE WHERE OTHER COUNTRIES HAVE BANNED THEM FOR A LONG TIME! It's an instant reference guideline to any normal or man made cosmetics substances.GUNK FROM TRUCK ENGINES "Its in your TOOTHPASTES.Plus, Super Delivery With Amazon. 2 Times. Very helpful and practical guidebook to understand the substances in t=any . Thise 30 min or all nighters do more, though most are led to believe different. This is helpful nowadays that every other product touts having this or that and maybe it doesn't even affect you.. This is very relevant to skincare and beauty specialists since it helps kind out what is what. It is great to be able to choose and customize which products to work with as well a get yourself a feel of the grade of the merchandise.. Companies use advertising ploys to get people to buy but this publication is a helpful tool to look out of the BS and become a savvy purchaser.. Has much detailed information This is definitely the go to book for just about any ingredients in cosmetics..I love this book and incredibly happy I purchased it. YOU GOTTA HAVE IT! Paula's choice offers an equivalent online and it's free and Actually a bit better because it provides ranking on the ingredients. This one just mentioned what they are, not whether you need it on your skin. LOVE DICTIONARY OF Aesthetic INGREDIENTS. Nice addition to teaching Aesthetics Bought this for my partner to use in her teaching of Aesthetics, very informative Good book! find this book is very helpful for people who'd like to learn about ingredients I find this book is very ideal for people who'd like to learn about ingredients. Excellent timing I was so excited to get this updated book I've series 4 Two Stars Right now what I thought it would be but lots of information .. True. Very descriptive on the subject of anything i need to know in my own facial or body items super pleased to have !

But Personally i think that it could have already been better. It will the job. Thank you. Five Stars
Nice dictionary Two Stars honetly its missing a lot of things that are in and obtainable in today's
cosmetics, lotions etc.
