Success IS EXCELLENT. You' But Significance Is Enduring. you' He' But deep in your heart, you want better half to count for something far more. Something larger than you. Significance. Many people measure their success by wealth, recognition, power, and status. It works, and it will do the job.ve achieved a measure of success in the first half of existence, and it're in " You need to discover where your deepest passions intersect together with your greatest abilities and harness them to help change the globe. Lloyd Reeb shows that if you focus on significance—Halftime. But what does significance look like? How can you attain it? Exactly what will it price you? What if you are not yet financially independent? Who might help you seem sensible out of this stage of existence? Lloyd Reeb knows how it really is.s been a excitement.s wrestled with the equal queries—and found answers.making use of your time and talent to provide others— Adapt Reeb's approach to your position and, with God's help, put it in movement.re not alone; Discover God's when truly meaningful success can come the right path. "ve never imagined. Go ahead, begin dreaming.s all you' Your talents, your drives, and all you are can make sense in a new way and have a direct effect you' You" Because significance is at your reach, and it begins by finding the freedom to wish.re centered on, you're missing the boat." In From Achievement to Significance, he unfolds a blueprint which has helped hundreds of women and men redefine achievement and infuse their lives with eternal significance.that's unique purpose for your daily life. There's nothing wrong with those, but if that'

Terrific book And book showed up in excellent condition. The content of the book was so good that I would suggest it to many close friends. I have lately retired (knowing I have to continue working) so the reserve was a timely examine. However, the information did not resonant with me. Great Book Everyone should browse this book. Five Stars loving it, thanks Three Stars knew most of yhis before We read it Life Changing Great publication inspiring and incredibly actionable. Excellent book with useful planning/path that leads you through every step This is an extremely inspiring book. I was at a cross road in my own life and truly needed a book such as this to steer me through. However, I found Halftime to become inspiring, as well as, informative. Book was ok, but not as effective as Halftime There are some things that I learned from scanning this book. The book influenced me to depart my leadership part in a \$10 billion utility and for days gone by 11 years I am investing my period and using my God provided talents to strive towards the "significance" that God desires for us. Regrettably, although he says his insights apply to folks of most religions, I came across as a non-Christian that his continuous Bible-banging and Christian-laced quotations and advice were just too distracting for me. Couldn't get through it because I came across it so offensive, that i found to be a shame, since it was therefore distracting from what is this important topic. This book will change your life! Read Bob Buford's reserve "Halftime" 3 x and really didn't gain much usable information or understanding from it. Nevertheless, from the first chapter in Lloyd Reeb's "From Success to Significance" what literally leaped off the page "talking with me". Five Stars Great Bible-banging agenda distracts from great message It's clear the author is quite insightful, and has clearly done some deep considering how to make every day you will ever have significant. The examples have become helpful too.
