great survival information great survival information, addresses everything one would need to know in the worst circumstances. If you don't are likely to choke on a potatoe chip, then you can read the section on Choking and the Heimlich. This book is NOT about the tv screen show. This is a great book if you are planning on camping any time soon because something could fail and at your fingertips you have ALL the resources you have to survive. Right? This is similar to the Boy Scout Handbook but with a Survivor twist. This is an incredible book...Just KNOW VERY WELL WHAT It Is BEFORE You Buy It!. I am 15 and have read EVERY Survivor publication. Five Stars Great book with a whole lot of helpful tips. Yes, it is endorsed by the television series and all nonetheless it is a existence saving book. Very Well Done. Five Stars Great book! One more thing that this has is normally illustrations of what you should do to survive. Five Stars Great buy Four Stars it was a gift, have not gotten any feedback I've not read it yet I can't imagine it being anything but great, based on my encounters with the Survivor movies from earlier seasons. I totally recommend this in the event that you camp. But if you're a couch potato and don't plan on leaving any time soon you truly don't need this book. i would recommend everyone grab a copy and retain in handy. I know I didn't spell that right. Buy It! But this book is a good edition to the survivor followers library. Tag Burnett ONLY wrote the introduction, he didn't write the WHOLE book. Five Stars Perfect condition
