Must read book for everyone This book is a must have for everyone. Standard Gavin de Becker - he tells it enjoy it is Common Gavin de Becker - he tells it enjoy it is certainly. Either ya listen & Our family is going to do an abbreviated study from this book with our children, which range from 15-24 to keep moving on the info on down the road.. Five Stars Purchased as a gift. Their feelings may be harm but better that than you.. Unlike books that teach how exactly to fight back, the purpose of this reserve is to evade before the situation escalates to a point that you have to fight or it is too late to battle. It's an excellent read for those who end up puzzled about the ... I've bought several copies if this reserve. I seem to present them frequently. His publication offers wish and peace in this time around of too much stress. It explains how exactly we are manipulated by the media into thinking things are bigger than they are. Three Stars Not the tale I thought it would be thank you best book ever Paying attention to the signs that promote themselves will help you avoid a predicament that may turn dangerous or even deadly before you can escape.! Gavin de Becker clarifies, based on actual realities, why there is quite little reason to fear any of the many boogeyman all of us and the evening information manufacture.Be kind to yourself and browse everything Gavin de Becker writes. You can be safer and saner in so doing. It gives a great insight into the principles of intuition or "gut feelings" and how exactly we often disregard the verbal, physical and additional signs that signal danger. I purchased 4 copies of this book and plan to buy more so I can give them away to people that I care about. heed, or you're gonna become shocked someday when the wolf comes knocking at your door. browse &. The fundamental points have been covered.. If the elevator doors open and you are feeling uncomfortable with the person or persons you discover in the elevator then get over your have to be "nice" and don't get on the elevator. He gives a lot of personal encounter, expertise and common sense guidance for any of us to use inside our daily lives. Some of the situations and topics could be uncomfortable, but the point is that we need to be more situationally mindful of our surroundings. Excellent information & somewhat disappointing Some interesting new vignettes but lacks the energy of the initial Gift of Fear, a work I consider essential reading and essential own book. If you've already read that publication, you truly don't need this one. quite timely considering the evils that stalk our property! It's certainly not a bad publication by any means, it's just doesn't hold its own against the incredibly high standard of his first work. Seems like he rushed this one to press without giving it the full attention it deserves. It's probably worth buying used but I regret having to pay a high price.Lawrence KaneAuthor of Surviving Armed Assaults, JUST HOW of Kata, and Martial Arts Instruction Fear Less is merely what the name means: read it! Gavin deBecker understands his business and is grounded with an easy to read and understandable approach and concrete suggestions. He wrote this in the aftermath of the 9/11 tragedy. Seems rushed. It's a great read for those who end up puzzled about the nature of our society these days and feeling overly concerned or anxious about personal safety. I encourage everyone, no matter what age group, who watches the news headlines and undertands the stakes, to read this book and use it. Five Stars This is key survival mindset in our increasingly violent world. Gavin de Becker clarifies, based on actual realities, .
