

The book cover features a photograph of a woman with long, curly brown hair and a blue pendant necklace, wearing a dark long-sleeved shirt. She is smiling and reaching out towards a young child in a yellow shirt who is climbing a large tree trunk. Another child in a blue shirt is visible in the upper left, also near the tree. The background is a dense forest with green foliage. The title 'Educating Exceptional Children' is printed in large white letters on the right side. The authors' names are at the bottom in orange. A small teal banner at the top right indicates the 'SEVENTH EDITION'.

Educating Exceptional Children

[continue reading](#)

The first survey of its kind to be published, *Educating Exceptional Children* is highly regarded for its academic and authoritative approach. Case studies drawn from real-life situations help students know how general education teachers cope with immediate issues including parental concerns, family members service programs, and adapting the classroom relating to students need. --This text refers to an out of printing or unavailable edition of this title. The text provides both practical applications on how to adapt teaching strategies, curriculum, and configurations to meet the needs of learners with disabilities, and evaluation of ecological elements that influence the outstanding kid, both in and beyond the classroom. The Eleventh Edition features an increased emphasis on developments and topics of debate, such as inclusion, the No Child Left Behind Take action, and transitioning the pupil from school to work.

Comprehensive but Mostly Common Sense I rented the book in pdf and We didn't really get very much information that I didn't already know or couldn't research quicker (and more updated) elsewhere. However if you are looking for a textbook it is that! It offers all the details needed but isn't a quantity I would suggest keeping around. Very good deal upon this textbook. It really is difficult to price textbooks because it all depends on the information you will need for your course. We rented the e-book version of this text and found it to end up being very useful for my online remarkable children course. Always choose the required text for you course. noting so great inside to This book was for my wife, she require it for school, they requested. Five Stars Thank you. For twenty dollars is perhaps OK. noting so great inside to. Great resource for Unique Educators Great resource for Special Educators. Outlines various disabilities that you'll see and best practices & can be easy to read. Five Stars an essential classroom reference for all teachers! I ordered this since it was necessary for a class, however it is a superb resource that I plan on keeping. Full cost is merely to much, not very big publication and by my examining. I just took a course on kids with disabilities I'd definitely recommend this reserve to other teachers Five Stars Great Save a lot! I just took a course in children with disabilities I'd definitely recommend this reserve to other Helpful. Informative insight into the lives of remarkable children. I save \$75 by buying 13th edition rather than current 14th Ed.
