Craving Information on Adolescents upon the Spectrum? Wow, finally some brave soul provides ventured in to the never, never property of discussion upon this thorny topic - adolescents on the autism spectrum. I am a parent of a child with ASD and a Speech Language Pathologist working with adolescents on the spectrum. Resource It was helpful. I highly recommend this book for anyone who offers with a child who has autism. Like most info I find on ASD nowadays, it really is pitched towards people who are very high functioning. He'll maintain his adolescents years quickly.!). Lots of info concerning adolescents on the spectrum. Great reserve. Sicile-Kira discusses. I believe it will be a helpful start for most families and professionals, nevertheless, I still think it is period to consider my pen in hand and talk about a few of the even more nitty gritty areas of parenting even more affected kids. Ms. We are grandparents of an autistic child. We are on the brink of adolescents and believed we better get up to date on what to expect. Hopefully, it will be a helpful reference. Adolescents on the Autism Spectrum: A Parents's Guide I bought this reserve for me to read. My grandson has Asperger. That leaves a lot of us at night about the dilemmas our much less functional children may face. resourceful. This book was very beneficial & Sicile-Kira has a good start delving into the topic. Thank you! Five Stars Very helpful Solid examination This book is crucial read for educators, therapists, and physicians--who often know less about autism than parents of autistic children. We remain awaiting information for kids who pass through puberty and don't gain most of the skills Ms. She does a good job explaining choices for kids who have that many options ahead of them. This is what I wanted. Nothing fresh or inspiring for individuals who are well continue reading the subject. Great price, excellent condition Good book So far it has been helpful and enlightening Good Information Here! Lots of wrong info and false references sited in this reserve! Good first publication for those unfamiliar with autism. Easy to understand too! what a joke! Useful book for parents teachers and aides I think that is helpful and I have two sons on the autism spectrum that are now young adults Was recommended by someone Was recommended by someone. She presents details without sound background and virtually says what she thinks people may purchase! She touches on some weighty subjects like sex, drugs, and college (forgot the rock and roll! This is a pathetic way of making extra \$\$!!
