If you are looking for a book that lets you know . I think personally we all need to slow down a bit and focus on our children; I recommend it. If you are looking for a book that tells you what life abilities people with ASD might absence, this is the publication for you. If you are looking for a publication that explains how to help your son or daughter overcome these difficulties, keep looking. Life Lessons...Life Abilities. say autism is a spectrum disorder and each person is different. I think it is unfortunate, that people need parenting books like this but it is definitely a item of our making. Easy to read. Five Stars Great Five Stars I'm glad I bought this one. I can recommend it. Once you know the "why" behind their behaviors, it becomes easier to utilize them. It provides great, every day skills had a need to make it through the world. It was very candid.. Autism Life Skills Over the last five years, I have already been trying to find out as much as I can about autism,hoping to find something to greatly help my grandson. I think this book gives some real practical each day solutions, in black and white, for a parent or student of any ability to read and comprehend. Many articles, books etc. Autism As I began my trip through the world of particular education this was a great publication to turn to for insight and information. Great resource This is an excellent resource for teachers! and any mother or father, whether the parent of an ASD child or not. The writer addresses those on all parts of the spectrum and gives many practical guidelines. She uses insight from many autistic people along with her own encounter as a parent of an autistic child. This is actually the best reserve I've continue reading the subject. I highly recommend it. This book, for the first time, told me what complications autistic individuals have- regardless of their placement on the spectrum.. Easy to comprehend. I feel that it's a must read for any student thinking about teaching special ed. Five Stars if you need to learn Five Stars Well written and useful Excellent resource A candid, reassuring and eminently practical guide. Good Book Enjoying reading the book. Work with autistic children and this book is very helpful in giving me great information to assist my clients better.
