Happy husband ? A present for my husband. He is a big Tom Dark brown fan. My mother said of us we disappeared in to the woods in the morning and reappeared just before dark. Genuine wakeup for being aware and checking opportunities for using anything all around us. Good planning material Tips that everyone needs to have and review frequently. An excellent book for your library. All of Tom Brown's books are treasures! Brown help's you be prepared for the unexpected. Not good.! Needs picks Four Stars good book with some fine tips for the novice Never Stop Learning Tom Brown inspires me personally because I grew up in the woods of Arkansas with a Cherokee blood brother that was better than any real brother could ever be.! If the end comes, this book are a good idea His very first publication was his best, but that is a good help. I wasn't disappointed, but I also wasn't overwhelmed with the product quality. You under no circumstances know when disaster will probably strike. Good 'nough It is good enough for what we am seeking for. Interesting, but not a sit-down and read. In comparison i have found "Bug OUt" by Scott Williams and i can't put it down. Different, but topic-ly identical, i know, but curiosity is what helps to keep me reading one rather than the other. Five Stars Great book AAA+ Great book Five Stars great Most people know how they work or will purchase a different publication if indeed they want theory. Super helpful for city dwellers and country alike Super ideal for city dwellers and country alike. Mr.!Best teaching ever !.! Tom Brown Jr school of Survival I actually took classes with Tom Brown Jr college of Survival trained in my younger days.!!! For reasons unknown, he finds it necessary to give lessons in theory of different sciences like fire and electricity.!! Could have stated the same things in half the pages. Awesome Love it filled with good info read some today.
