Bible of group therapy This is the Bible of group therapy. Any counselor or therapist should browse this book if there is any chance for dealing with groups. My only complaint is you need to read into the book to find the information. Im in my own Master of Counseling Plan with Walden University and was happy to find this reserve for an affordable price and in good condition with no wear. Love the true life case / client tales... Three Stars tldr- The part about introducing an actor to affect the group dynamics is a tad suspect Condition as advertised Condition as advertised but it looked like a great read I actually had to resell it, though, since it was the incorrect book for my class, nonetheless it looked like an excellent read!.. I wish there was a quick guide to group to possess as a reference! The index can be virtually unusable.... Great Book! . and this book delivers much of his expertise in an easy, enjoyable read Irvin Yalom is known as one of the foremost specialists on group psychotherapy, which book delivers much of his expertise within an easy, enjoyable go through. I have gleaned some very nice advice form this reserve, and I have enjoyed incorporating much of that guidance into my own practice. This book is crucial read. Love Yalom! This book is fantastically written, informative, and overall excellent. It's an excellent book to gain understanding on group therapy and the ins and outs of leading it, but Personally, i found it too much time winded and that the author speaks a whole lot about his own style which I personally prefer different person personalized styles of leading group therapy. It's a good book to gain understanding on group therapy and the .. Five Stars for school Five Stars High quality and great book! Personally i think like this book may be the Bible of group therapy. You definitely will not have any queries about group therapy.. Like the real life case / client .. Five Stars Book arrived as promised This is a fantastic textbook on group therapy. Very Informative This book is. An intensive resource for group therapy and conducting classes. It explains conditions and provides you insight on dynamics of groups. Master of Counseling Plan with Walden University and was pleased to find this reserve for an affordable price and . Five Stars A great book compiled by a great person..lengthy. This is an excellent textbook on group psychotherapy. The only reason that I did not give it 5 stars is that there are no page numbers given for just about any of the conditions shown in the index for the Kindle version of the text. Great Book!
