## Childhood Sexual Abuse: Developmental Effects Across The Lifespan (Child Abuse)

[continue reading](#)

This book sheds light on a deeply hidden, yet powerfully debilitating, experience of childhood: sexual abuse. With these dynamics at heart, the author presents a collection of varied conditions that will better prepare a kid care professional in dealing with children who have been abused. The author strives to accurately present info on the complex dynamics that have an impact on individuals, families, college environments and society most importantly.

Four Stars I actually enjoyed this textbook, which will not happen often. Plenty of information! Every time I began reading a paragraph, I'd drift off in my head; Five Stars Great book! This book was assigned reading for a college class. Drier than burnt toast... Was great book for school! I gave up and relied on the teacher's interpretation to learn the materials.! The beach, the mountains, medieval torture chamber. Anywhere but in the book. I'm generally an easy and enthusiastic reader but that one took more work than I possibly could muster to complete it. While there is a lot of valuable details in the book, you will be hard put to complete it without going into a boredom coma while reading.
