Cindy Crawford

Cindy Crawford's Basic Face

[continue reading](#)

Cindy Crawford demonstrates how to placed on a "basic" face basically and effectively. Then, in independent sections, she discusses using concealer and powder to create the perfect foundation and teaches ways to enhance eyes, cheeks, and lips to bring out the organic beauty in all ladies. Drawing on the invaluable information of world-renowned make-up artist Sonia Kashuk, Cindy presents how-to tips on skin planning and the tools you need to get started. She doesn't recommend imitating the glamorous, made-up looks of models who adorn magazine addresses, but gives practical guidance for every woman who wants the face she sees in the mirror each morning to appear its best. Cindy knows that in the '90s, women are too active to spend a lot of time and fuss gaining makeup.

As the other review listed this reserve is completely useless for anyone over 12 I saw this publication suggested somewhere in youtube. The book's is fairly beautiful too, simple, very clear and modern, with good pictures although all are of Cindy which means you can't compare technics and looks in various other faces. Actually this is the best reserve I've ever noticed on makeup and the main one I'd choose above any additional to recommend and I'm a qualified make-up artist myself. It puts an emphasis in how exactly to achieve an all natural, non make up look and on quick, easy, 5 minutes make up, so it is perfect for beginners. I love this book! I love this reserve! (Try Kevin Aucoin's "Producing faces". Plus, she gives great tips on buying makeup, using make-up, etc. Cindy Crawford not only understands how to apply make-up, but Cindy also knows how to pose in front of the camera. It is the best book I've seen on beauty tips. It gives you all the basics and pointers to enable you to develop your own style. I am surprised it isn't on shelves anymore. Actually the best beauty book out there! Five Stars Awesome book. This Customer Feedback was written on: Sunday, August 7, 2016. I especially enjoy Cindy's great sense of fashion. Simply read it again and it's still amazing! Its an excellent book for newbies in make up I love this reserve it's everything a make-up book ought to be Read this reserve when I was 8 or 9 and cherished it. I was nostalgic for this, so i ordered it. I would recommend it to anyone who doesn't know what they are doing with regards to makeup. The images are beautiful, vibrant and pleasing to look at. Copyright 1996. I actually purchased this particular book twenty years back. I bought this spiral hardcover publication which can be titled: Cindy Crawford's Basic Encounter over at a prestigious book store known as: Barnes and Noble. It provides some basic tips in addition to a few that I wasn't alert to back in your day. Good Tips and Appealing Pictures This was an excellent makeup book. These books have got struck me overall as being more for self-promotion after that anything else. I have loved her work. great book for just about any decade I received this publication when I was younger and used to undergo the pictures everyday when We was tryign to apply make up before college. She gives unvarnished but very helpful tips. Cindy Crawford is incredibly professional and she is certainly very smart, educated, and extremely level-headed. Most of the things you'll find in this book make up the building blocks of the training course where I studied (the section in beauty as opposed to display screen and theatrical). I possess a great deal of respect for her, and most of all I really like her book titled: Cindy Crawford's Fundamental Face. Today if you are a fan of the extremely lovely and skilled Cindy Crawford, I recommend that you buy her spiral hardcover reserve titled: Basic Encounter and do not really forget to also buy Cindy's newly released book which is normally titled: " Cindy Crawford Getting" This particular hardcover book was lately released on September 29, 2015. You can buy all of Cindy Crawford's books and components here in Amazon. Sincerely, Angelica Vazquez. I really learned a lot out of this book. Best book on makeup I've ever seen I think people prefer to bag this reserve due to the fact Cindy Crawford wrote it. It's like "oh, she's a model, specialists do her makeup and she's to be as well dumb to create anything worthwhile anyway". Extremely basic introduction. I like Cindy Crawford. Why? - because it is the essentials of what beauty and everyday makeup is all about. Plus the photos and silver cover are awesome too. It is also easy to adhere to, well written yet very extensive. I've personally discovered that most books by professional makeup artists only may actually help you, however in reality just provide a lot of pretty images with little workable element. And if you know what you're looking at, the majority of their 'tips' and methods arn't that great either. As a matter of reality, I have been a super huge lover of Cindy Crawford ever since I was a young teenage girl during the early 1990s. A makeup artist with a publication filled with glossy model and superstar photo's, if it offers well, will instantly become a 'star' make-up artist. Totally

recommend this book for actually delivering what it promises to. An excellent BASIC introductory book on make up It all depends on what are you seeking for: In the event that you already know the fundamentals about make up or have already been using replace years this is not for you personally. If you're looking for a book that explains you all of the posibilites of make up this is not for you. I think because Cindy Crawford offers so much experience with the world of beauty that she cuts through all of the bull, and reaches fundamental stuff if you want to put on make-up but do not desire to look like a floozy. But if you're a teen, or beginning to use make up or simply unsure about the fundamentals this book is informative, clear and covers all the things you need to know: choosing colours and formulas, how to aply them and the use of every product. I recommend Bobbi Brown's guide if you're seeking to find out technique and useful ideas. As the other review listed this book is completely useless for anyone over 12. I love this book because it offers a lot of guidance on how to apply make-up. I purchased this reserve in the year 1996. Cindy Crawford's Basic Encounter. You can't help feeling girly and wanting to play with your encounter in makeup after searching at and reading this.
