My son hates it I love this book, I had an eariler version but it was outdated and We misplaced it, therefore i wanted another newer one. One Star Don't remember! My boy hated it because I take advantage of it to try and tell him why he is having pain. He has already established pain for years and the publication says it really is his gallbladder, but he says oh mom you as well as your medical books, make sure you I really like you but forget about medical advice. In case you are not one of those folks that hate doctors and wish to know if an indicator you are having takes a doctor, after that this reserve is for you. Check out your health problems I have used this book often to comprehend various physical programs.. A great read for the youthful physician to learn to listen to sufferers. and great travel publication! Bought this book many years ago And I'm happy to find it even now available since my old copy literally fell apart. This is such a good book that I have bought and trained with away ... Again, a great guy and Doctor giving advice to individuals and good philosophy on practicing medicine to youthful Doctors. It quiets the hypochondriacs and stimulates the "afraid to see a doctor" bunch.. This is such a useful book that I've bought and given it away many times over. As for people that hate doctors, like my child, and husband, you may use it to recommend them on what they need to do. Invaluable. It's been an excellent source of information! Invaluable. An absolute must have for every home. It'll save money because you will not be running to the doctor unless you should. Symptoms I purchased this book WELL Following the publish date, however the wit and anecdotes of Dr Rosenfeld still arrive through loud and very clear. Great book . Even though it was written years ago, it is normally still a reliable guide to understanding symptoms/ Great condtion, quick delivery Great condtion, quick delivery.. They could not listen, but at least if indeed they die you won't feel guilty. It might not answer all your concerns but it will answer alot. my tv doctor we view him every Sunday morning in Fox news and enjoy his expertise, so we thought we'd like to have his book too. This book answers several questions about confusing health concerns. Three Stars Good info, very much has been published in other books. An absolute must have for every home.
