Disappointed I thought this publication had the exercises for your face in it. Should have read the reviews first. One Star Not worth the paper it had been written on. This reserve is a real waste!... Time and money wasted When I found this book about "The Doctors" I thought it could be a great deal.. In the product description of this book, it clearly claims "This is not a HOW TO publication as the exercises are trained with a DVD system. I WANT MY \$\$ BACK! Disappointed. Advertising on her behalf own 'Magic Facial system' and anti- marketing for botox, liposuction etc. I am doing a reverse charge upon this one, but not really because of the seller, but because of the misleading, no content in this "book". For me the publication is a rip-off. The one exercise is on u -tube already and there are no others in the entire book. One exercise in the whole book!. I am literally disgusted.Again USUALLY DO NOT BUY this SCAM, GARBAGE, NOTHING, AND YES: I WANT MY MONEY BACK.However, predicated on reviews I believe that her TRUE EXERCISE works.. The complete book talks about facial exercises but just has one web page of real photos showing a straightforward facial exercise to accomplish. One Star I'd like my money back' One Star Worthless waste of money. The others is actually verbage giving the benefits of facial workout and an advertisement for buying additional products. The last page directs you to item ordering information. Wonder, what was their trim?! Amazon MUST ban sale on this item, because this is not a book but scam. Every page discusses placing a white glove on and using your fingers to hold the different facial muscle tissue, no where in the book does it show you how to do the individual facial exercises!!! NO STARS!! It's a 300 page advertisement for a thousands of dollars worth of items that the writer would like you to purchase. Just an informercial is certainly all of this is.scam I have never ever given any negative evaluations to anyone about anything.For this price, I likely to get the full workout routine but you only get ONE SAMPLE Training!! Maybe if book had been priced at 99

cents, I would not feel therefore jipped.DON'T BUY THIS BOOK! Do not waste your cash. After having this reserve for nearly a season, I was ready to begin. The book is a joke, one facial exercise in . I finally flipped ahead and found that presently there are no exercises! That is a 297-page advertisement because of this woman's products, nothing at all more. It was a complete waste of money and time. As much as it goes against my grain, into the garbage with this so-called "book." Extremely annoying.. It doesn't. Facial Exercises Not Included The 297 pages in this book only include ONE sample facial exerciise. How dare she. Waste of money Don't waste your money on this book. The exercises obtain increasingly more difficult as they should and the results are remarkable. This publication is only one chapter that's repeated about twenty occasions!" To all you people who provided it a "1" rating - what part of that disclaimer not understand? Not what I wanted at all. The worst book even read!. I plowed through what I thought was the intro and kept going right through webpages of the same sales pitch, waiting to access the actual exercises...
