found someone that entered their globe and changed it by the love that they created I first saw this publication at an acquaintance's house..) As an author myself of books about what it takes in order to like a loving marriage, I found Autumn Romance to end up being totally validating of what I've been writing. beautifully written publication of post age 50 romances! Inspirational. Denker launched me to in this reserve. I read all the tales but initially thought I would try to relate to the people who were in their 50's like me. You can't really feel like quitting or offering in on love after reading this original themed publication!com. Denker is planning on a 'Winter' sequel to Autumn Romance! The joy, intensity and revelation that lifestyle presents gifts to individuals of all ages is definitely hopeful, inspiring and validating. The rich photographs and the succinct glimmers of aspects of the men and women that I 'met' in this book exposed my attitudes regarding appreciate in types sixties, seventies and eighties. Colorful Autumn Autumn Romance is a beautifully done publication of real love stories that eventually involve people over 50. The stories are actual and fleshed out very well. You can tell the author did alot of research for this reserve. Denver. I highly recommend this reserve to folks of all ages. High quality, would make an excellent gift or something so that you can just enjoy. I love the stories that display how people did work on themselves before they went looking for love. It was just an eye-opening encounter and I must say i hope you take a look book out! .. relate to the individuals who were within their 50's like me.. Great Reserve Idea!.. It was as if I had gone to an excellent party, and I'd remember all of the exclusive guests whose lives enriched mine through the evening that we became acquainted. I was reminded that love doesn't change for folks older and youthful than me. They also would be beneficial to singles, contemplating the terrifying re-entry in to the globe of dating and romance.. I picked it up also to my surprise, discovered myself in tears! Thank you Carol Denker for an excellent read. It got me only a few sittings to read all the stories. This encounter led her to travel the nation searching for the most compelling mature love stories that she could find. will read Autumn Romance: Stories and Portraits of Like after 50 soon. Thanks for your celebration of life and like, especially for those of us in their fifties or older! A celebration of lifestyle and love. The black and white photographs are so natural, and capture beauty and sensuality. I think these would be valuable to most couples. What a Wonderful Book This is such a beautiful book. The images are gorgeous and the writings are eloquent. It really is just beautiful. There is much to understand in it's pages. "Autumn Romance" is a natural delight to read again & This book gave me a new outlook on love and aging This is a lovely book, filled with people who were able to find that a person who provided a soft place to fall in their old age. I've frequently felt that parts of my life were completed. I've found encouragement to trust that love never grows older, but that it adjustments as we age, sometimes into something a lot more than was right now there in our youth. Bravo! Carol Denker . My favorites are Vernon and Judy Lee of Denver, Colorado. Carol Denker knows the human heart better than any cardiologist! My wish is that every divorced, widowed or lonely person in the U. It's a post on what it takes to find appreciate after 50--or, for that matter, ever. The stories provided some precious insights into building relationships. This books is a way to obtain comfort and expect everyone who has abadndoned love. I purchased it as a gift, and couldn't become more content! I laughed and was transferred by the intimate descriptions of the lives and loves of the lovers. The effect is a book that is beautifully written, lavishly illustrated--and full of surprises. Autumn Romance = Excellent quality binding with beautifully rendered photos and touching stories .Marilyn Allen The Best is Yet to Come! Vernon is usually your physician who spent therefore a long time living up to the goals of others, that he forgot about his very own happiness. His transition from a man who was simply quietly miserable to a person who finds pleasure with the kind and delicate Judy is

fantastic to behold. Do not forget to explore Carol Denker's very own remarkable story---it's the last profile in this remarkable book. As a reader and a librarian, I love this publication. You will too.. Many thanks Ms. Because of just how this book was created, for the very first time in 25+ years of marriage, I felt somewhat comfortable approaching my partner about sexual intimacy. This reserve and the present it brought, emerged when I hardly ever expected it! Wonderful book! The publication was well edited and got an excellent flow. See (. photographed assortment of wonderful post-age 50 true romances... Beautifully written with gorgeous photographs this book proves that those more than 50 "ain't dead yet". May it be a source of hope and pleasure to all or any of us! again. This is a pleasant book, the photos and stories of late in life love are inspiring. and couldn't be more happy! I loved this publication. Denker, a writer with a deliciously dry love of life, met the man of her dreams when she was in her 60's. The 29 couples profiled in this publication are as diverse and interesting as America itself and readers won't forget them. WINNER!. Autumn Romance = Excellent quality binding with beautifully rendered photographs and touching stories to remind us that love conquers all. I was reminded that like doesn't change . Positive, true to life, love stories always inspire! This timely publication encourages us to exist to the fullest through our interactions and to envision including our very own photos and stories in the sequel. I haven't had the opportunity to put this very particular uplifting book down since I received it two times ago as a gift from a good friend! The writer captured the lives of individuals that got by kismet, serendipity and also misfortune, found somebody that entered their globe and changed it by the love that they created. Thank you, Carol Denker! There is hope! Thank you many thanks, Carol Denker, for your beautifully written & Beautifully written with gorgeous photographs this book proves that those . A joyful & Inspirational. This book is stunning! I experienced like I knew for some reason or another, many of the people that Ms. In fact, I like it so much that I just published a blogpost on it on psychologytoday. I felt a closeness to some of these people, so much in order that I hope that Ms.S. I'll recommend it to some of my older friends!.. Unable to read through it at the time, I came home and bought it.
