Unique and interesting I loved this adorable book." what would my own couture perfume smell like? The reason why I provide this book a four celebrity in stead of five, is because of the constant marketing materials in the text about her own perfume. This book provides reader a natural curiosity towards her perfumes, therefore no pushy selling strategies are needed. It kicked me out of the amazing story at times. A fun browse and now I can wear scents again! I also enjoyed the story about how she strategy strangers for instance on a bench at the seaside, and suggest to them her perfume. Save your valuable money. In her book Sacred Scents not merely describes sources of fine elements and how is made, but also describes where she gets inspirations on her behalf formulas. I however usually do not want to be too crucial concerning this book, because I truly loved it, and will read it again. I'd like to read more from you JoAnne! Move and write another book about your enthusiasm for perfume, make sure you.!Ps! The writer's writing is definitely choppy, making use of both sentence fragments and operate ons in a nigh unreadable manuscript. Not worth it I purchased this reserve knowing it was anecdotal with no recipes. The brief history surrounding the usage of Sacred oils and perfumes, in addition to a glimpse into how they are created was special. If you are thinking about natural perfumery, you should to read this story. This reads like 1st draft and desperately requirements an edit. I'd love to have been among those strangers! . She's been to 42 countries;.. Another minor stage concerning this book is that it is quite short. I truly loved reading her fragrant journey and perfume workshops seminars and also collecting her good perfumes. The intimacy is in the details. Ever spot the most magical presents come in small packages? Sacred Scents contains many stories; the trip of a female empowering herself through empowering others; a tale of how more esoteric gifts blossom in lifestyle; a condensed history of perfume itself; real insight into the reasons natural perfumery is more costly and yet worth every penny (JoAnne herself works with an Indian village through her art)- all carried by the enchanting voice of a genuine talent in the organic perfumery world. Just simply because her aromatic creations, you are feeling surrounded simply by the magic, medicine and mystery of the botanical gifts all around us in Sacred Scents- a journey and awakening in to the realm of aroma. JoAnne's reserve is written with the same loving care, impish humor and vast knowledge which she brings to every conversation, every class and every consultation. A lovely narrative of a perfumer's love of natural aromatics You can open this publication to any web page and immerse yourself in the scent, color, emotions and stories behind beautiful natural scents. Suggestion of the iceberg - that one! Sacred is the word here; A truly lovely book to read and give as a gift to someone you know who loves bouquets and organic fragrances. JoAnne reminisces about her happen to be dozens of countries searching for gorgeous recycleables like rose essential oil, blue lotus essential oil and many more. JoAnne's Book is really as Lovely as her perfumes Many thanks, JoAnne for writing such a pleasant book. JoAnne Bassett comes from a type of storytelling Mystics - and boldly exposes her Intuitive Nature - while opening the entranceway to the Artistry of couture perfumery. Right now I find myself standing following to the orange trees and simply consuming the scent, wanting to know what JoAnne would perform with it!. I cannot use regular perfume any longer as a lot of people around me are allergic. And ... Not too much for the novice, like me.. Thank you for sharing your individual tale and enlightening us along the way. And Bassett brings a spiritual dimension to the story which makes this book unique."Please keep writing JoAnne. Many thanks Joanne for posting your fragrance and secret journey! Sign me UP for the next one! The great thing about Storytellers is the anticipation of another story. So, that was in fact the reward. Your Intuitive presents are well used in your Creations which shows in their impact on others lives. What I was unprepared for was the grade of the writing. I can't help but question ..but enough to impart a knowledge that I can make use of.. and a glimpse in to the private world of living, loving perfumers. Worth several reads. I experienced like I was strolling best next to her as she referred to her many sacred journeys around the world in search for the best possible most luxurious organic perfume ingredients from around the world. Five Stars wonderful and informative. Highly recommend this sacred trip five stars completely! JoAnne is a talented story teller, author and gifted intuitive organic custom perfumer. Truly enjoyable read. Nevertheless I would still include the story about how exactly she cares for her own perfume in neat boxes, silk etc, because that is truly inspirational for fresh perfumers. My reasons for reading this book were purely practical. had a spiritual experience with the Dark Madonna and speaks of the alchemical procedure for creating traditional attars in India.. The tales are quite gorgeous and as a sociologist in mind, I usually like reading other peoples' journeys and stories. Sharing the Personal Path and life history that led you to find your

Enthusiasm for Perfumes is one I liked reading about. I'm a devoted gardener and the visuals of the colorful flowers is definitely the biggest draw. The 'best' part is 'reading between your lines'. Inspiring and intuitive ~ this lovely book is crucial. I always experienced that I wasn't quite finished dressing without perfume, so was looking for an alternative. Bassett is a natural perfumer who uses the must good ingredients in her extravagance French style perfumes. Joanne Bassett is an all natural perfumer who uses the must fine ingredients in her high end French style perfumes. Inspiring and intuitive ~ this lovely book is a must own for any person interested in perfumery. She interweaves the story of her "aromatic trip" and all the people's lives she has touched, and those who have touched her, all accumulating the concept behind the book - Sacred Scents. A wonderful journey into the mystical lands of sacred scents in natural perfumery! I'm wishing to try JoAnne's perfumes and thankful for her sharing so that we can take her assistance in creating our own sacred scents! When may be the next book?! Teach us how exactly to do it! To experience her custom bespoke natural perfume is a trip in to the magic of who you are, what your wishes are, and where you intend to go on your daily life journey.
