Anxiety, depressive disorder, suicidal thoughts and ADD My son is 10. He was 2 1/2 at that time and by age 6 he was prepared for kindergarten rather than required any accommodations or IEP. Taken individually we tried to deal with things as they arrived up. We went to every kind of Dr. and examined for everything from vitamin deficiencies, hormone issues to thyroid problems. Total body rash (that lasted 3 times), hallucinations, vomiting and severe suicidal thoughts and depressive disorder. David Schultz, M. All negative and we now owe two thousand dollars in medical debt. This publication has helped so much (and the Feingold Diet) I could see so much of my son in the children that Dr. D. Then you increase by 1 teaspoon every 3-4 weeks. Dr. It tells how exactly to . He's even more outgoing, happier and just more regular. I am happy to speak with anyone about how life-altering this publication is! We understood before that he couldn't tolerate artificial color but we now understand that he can't deal with any form of MSG (and there are a great number of ways of stating MSG), soy or any kind of preservative..! It is hard work to prepare everything, pack lunch everyday and only be able to eat out at three locations but I would do anything to create my boy feel better which book was the beginning of a new chapter in my own life. A less nerve-racking, happier chapter. Life changing! By eliminating common foods that he was either allergic or intolerant to, my son began developing normally IMMEDIATELY. It tells where to find hidden allergies (single food & 17 years ago I read this publication when trying to comprehend my 2 year old's autism. He is now an exceptionally motivated college student with a bright long term. Since 2nd grade he provides steadily slipped in and out of depression, panic disorders, social seclusion, concern with crowds, heightened sensitivity to average noises, weekly suicidal thoughts, inattentive Add more, allergies, random food intolerances, asthma and sudden allergic epidermis reactions to items that he's been exposed to before. A youngster who got no speech or receptive speech at all was immediately available to find out, speak and live! So much information regarding behavior and allergies in children. Dr. meat that wasn't prepared or frozen immediately (I buy frozen). start with 4 teaspoons at a 4 day interval for 4-8 weeks. Now I've it in Kindle type to possess with me wherever I am! At home, he's calmer, not depressed or anxious and only mentions suicide when he's been subjected to some food that people didn't realize that he couldn't have. Helped offer insight into my own children's, and now my grandchildren's behavioral issues which are linked to food and additional environmental triggers.com This information can change your life! Extremely insightful. - Wendymiller_rd@yahoo. Box 175 Montpelier, Va, 23102 It helps a lot. I went on with my life as well - returned to college to get my master's in clinical nourishment so I could help others which were in my scenario. Thank you So informative.. Rapp's method.. Have a look at her youtube video clips for a flavor of what you will find in this reserve. We have seen a 90% difference in my own son., " is usually a blessed, rational alternative to the INSANITY of doping humans with psychotropic 'medications' (legalized poisons). Rapp's reserve, "Is This Your Child? She could be a maverick-MD, yet is also a pioneer, getting the heart and courage to market a safer, NON-DRUG approach for healing allergies which WORKS without the harmful side-effects of nonnutritive, prescription-pills and potions !This publication further illuminates the record-breaking audience response to the Phil Donahue Show's episode regarding the topic of safely CURING allergies and 'bad' behavior as seen here: [.. Each one of these Dr.] Truth is ageless !!. In 4 days you drink 1 teaspoon & The ... Meals reactions affect every part of the body. The stomach The bowels The skin the heart and lungs The mind Dr Rapp's vast experience will help parents find answers to the health problems of their children. We put our son on anti-depressants and anti-anxiety pills, only to have the weird allergic reactions pop back up. Rapp

wrote about.P.O. Neurological reactions to foods and environmental factors impact on our health that is not widely acknowledged or well comprehended in mainstream medication.. School is way better, he's carrying out homework alone for the very first time EVER!. It helps a whole lot.. Scattered throughout the book had been all his odd behaviors - and I acquired a "aha" second that changed my life and my son's forever! The youngsters calmed down immediately. Thank you! start slowly.For example, if milk is a issue,start with one-fifty percent teaspoon at a 4 day interval. Food reactions affect every part of the body. etc till 1 glass a day at a 4 day time interval.It helps. I've bought so many copies of it to share with parents that I've lost count. Within the last three weeks, we have switched to virtually all whole foods and as much organics as we can afford.When flare-up, restrict histamine rich food (almost all sour & Help for your child. IS THIS MY Kid is similar to a bible to me.If 4 teaspoons were ok, but 8 teaspoons caused problem,you stop for a couple weeks & fermented meals, citrus, nuts, berries,chocolate,avocado, fish &.. I've recommended this publication to everyone who includes a child with learning problems, hyperactivity, behavior problems. I saw Dr. Rapp on the Oprah Display years ago. Her demonstrations with this knocked my socks off. She discovered that many of these childhood complications were due to allergies! The serum % used by most allergists for testing was too strong showing up in the kids. She slice the % way down and there have been immediate reactions. multiple meals elimination diet or rotary diet, then you observe- after eating issue meals itching (with eczema) begins within 15-60 minutes. In case you have problems with your kids, read this book and take your son or daughter in to be lab tests in Dr. A blessed, rational alternative to the INSANITY of doping . Read this publication first! All this information continues to be pertinent - I bought this for my daughter as her 5 calendar year outdated has severe behavior issues. Just removing dairy up to now has helped. Go through this reserve before medicating your son or daughter! Amazing discover. Rapp was a pioneer in the field of environmental medication, and there are a great number of parents and children who sing her praises for the difference she has made in their lives. I acquired no idea meals sensitivities could cause most of these issues. Amazing find.You stop this food for 3-12 weeks (depending on reaction) &'s (MD's, DO's, Allergist's, Kid Psychiatrist's and a neuropsychologist) and no one ever mentioned diet. Five Stars This is an amazing book, every parent should have one. fantastic book for just about any parent I bought this book to share with someone else, I had browse it many years ago and it is a must for anyone with a child. Close friends and doctors were shocked and abruptly I was informed that my son who doctors told me I should "institutionalize and concentrate on my other 3 children" was most likely not autistic after all! Five Stars Dr Rapp is great and would help so many parents if they chose to go through this excellent book. Five Stars A good place to turn to when you have questions...
