NOW I can PLAN! Many thanks Debbie. Now, I am facing this with my mother and I thought we'd done a pretty good job being prepared. Debbie's reserve is incredibly thorough.. It was an event that deeply affected my entire family and Personally i think lucky that I experienced my mother by my aspect.!. I have a tendency to gloss over stuff and not want to go over it..! But after reading this publication, I realize we have so much even more we need to cover. But Debbie stresses the importance of using this time around while my mother is still vibrant to make sure we are planning everything the way SHE would want to buy.this book came at only the right time for me, an invaluable and personal resource! Must read for caregivers, and folks needing care..I went through a CareGiving encounter with my father who had Alzheimer's. Fantastic support so you can get ready to look after aging relatives, how exactly to be supported while caregiving (or being cared for), and ways to get back to living after your life's been turned upside down.
