

THE FEAR BABE

SHATTERING
YANNI KARY'S GLASS HOUSE

Mark Alsb, Karvin Senapathy, Marc Draco
Foreword by Dr. Kevin Foltz

Marc Draco

The Fear Babe: Shattering Vani Hari's Glass House

[continue reading](#)

The book the organic food industry can't afford to let you read. Researched and written by a dedicated international team of pro-science authors and firmly rooted in details, science and logic, WORRIES Babe places a lot of Vani Hari's best-selling author Vani Hari a.k.s health. Deconstructing numerous fallacious claims from NYT' Why vaccinations are not just safe but also necessary. Filled with invaluable and up to date reference materials on food additives, modern technologies, and the methods the anti-science hucksters operate beyond the law, this book is destined to be and instant traditional. An important reference for everyone concerned with their own diet and their family'a. A complete mention of the European E-Number database. Discover: What GMO systems really are and why we are in need of them. THE MEALS Babe, this book describes in detail simply how effective the proper words are if you have a panacea to market and a pretty face to help sell it. Take back control and fall deeply in love with great food once again. How MSG & aspartame got bad names (and why they' How to make a healthy diet that works for your own body. Just how charisma and smart wording are used to keep us at night.re harmless). The reality behind those toxic pesticide scares. Why you can't (always) trust a doctor. s claims under a microscope - shining a light into the dark corners to demonstrate having less scientific evidence behind her most egregious contentions. and far, much more.
