No Map to This Country: One Family's Journey through Autism

[continue reading](#)

Autism is a rising epidemic that affects 1 in 68 kids. When Jennifer Noonan's "We certainly had no cause to believe at that time that autism was treatable," she writes, "but somehow I decided, in my own classically pigheaded way, that it would be." Her child was diagnosed in 2009, she refused to simply accept the traditional wisdom that autism was largely everlasting, instead launching a relentless investigation into the very current dietary, immunological, and metabolic study available. This spirited audacity provided her not merely courage--and eventually success--in the face of such a devastating medical diagnosis, but also a self-conscious and darkly funny perspective on her behalf very own faults and struggles over the next six years. With equal parts defiance, tenacity, and wry humor, *No Map to This Country* details one family's groundbreaking yet profoundly relatable memoir seamlessly combines cutting-edge research with a gripping and unapologetic account of her family's battle for recovery's journey through the modern autism epidemic, and the lengths to which a mom will go to heal her family. Noonan's

Another Recovery Documented! For those who have a kid with Autism, READ THIS BOOK! Thank God because of this book! And because of Jennifer Noonan for taking the time and effort to create it, despite having to return back and revisit so many unpleasantities from days gone by. It reads just like a thriller, a documentary, and a memoir all in one. Again, THANK GOD I did! Good book! It's also wise, funny and intensely informative for anyone battling chronic disease. She doesn't shy away from highlighting the absurdity of the mainstream defeatist perspective that would have us all lay down and surrender to this epidemic instead of jumping in to the trenches and FIGHTING FIGHTING FIGHTING to save our children from this disease! Incredibly well crafted and worth your time and effort to read As the mom of a child with autism, I've read way too many books to count on this issue. Fight and win! I cried, We laughed, and even gasped aloud in anger and frustration! Full disclosure: I am an employee at the institution Mrs. Very determined lady. Fabulous. Noonan through our work with the parent volunteer organization. Our book golf club chose it because one of our group knows the writer. This book is beautifully written and was entirely engaging. I truthfully flew through it in a matter of hours using one day of my vacation. A Superb Read Superbly written account of the writer's journey.. Mrs. Noonan beautifully and unabashedly describes the complicated emotions and life I have heard echoed by friends who live with ASD every day. I was sucked in from the very first chapter. I have EDS and my older son has many traits in keeping with both EDS and high functioning autism. For individuals who know the analogy; Funny, wise and extremely readable That is a wonderfully written book. Seeing that Mrs. Noonan notes initially, the figures on ASD do imply that there have become few who are not touched by it for some reason. The education and awareness I received simply from scanning this one book significantly surpassed anything previous. A well written story of the family's journey What a well crafted and engaging publication! In a recreation area, in a restaurant, in the supermarket. Sometimes you won't even know; Jennifer Noonan's honesty and dedication shine through on every web page and provided me renewed courage and dedication for my own fight. Perhaps a bit more understanding will help you know how to proceed; if not, at the very least, know what not to perform. To anyone who's on the fence, get in the game. I see the Noonan children everyday at their college. Jennifer Noonan is a wonderful and eloquent article writer who captured the struggles connected with autism brilliantly. Apart from books, I've spent a great deal of time scouring PubMed for autism analysis over the years too therefore i was surprised by how much new information I learned out of this book as well. You will, at least, see children with ASD in public. Perhaps I felt therefore close to the tale as I noticed it mirror my own struggle with a child who includes a mental illness, but I still experience this is a book and story for everyone. Noonan relates her experiences and all the things she has learned along the way in this extremely compelling read. It was very true & Although sadly this approach to reclaiming a . Really worth the cash. Although I personally have had limited interaction with them because of my position, I understand Mrs. I really loved scanning this book I really loved reading this book. Jennifer's determination seeps out of the pages. You don't need to have an autistic kid or a food intolerance to get therefore much from this book, which is written with a wry humor that serves to make it not only an educational and inspirational browse, but also an entertainment. educational and a delightful easy read. I understood raising an autistic kid could have its issues, but I had no idea.. informative about your day in day out of the autistic children. This by considerably was among the best I've browse. To read this book and understand how far they have come deals huge kudos to their parents. informative about the day in . We need to all consider offering thisbook as something

special to teachers and influencers inside our childrens lives and the lives of decision manufacturers inside our communities. Educational, inspirational, Entertaining You cannot read this book without feeling more determined to repair something in your life you had previously abadndoned. This is how I came upon this book. Her encounters and research to help bring her children to a wholesome life were extremely interesting. She found our club conference and getting to talk to her about the things she discovered to greatly help her child cope with lifestyle caught my curiosity and my center. let's just state Italy isn't all it had been supposed to be, either... it sucked me in from the first series and I couldn't place it down. Jennifer fearlessly and eloquently addresses the FALSE notion that Autism is not treatable. With my neuro-typical child, I have had a few of the same struggles with health care, acceptance, and understanding. I found the reserve invaluable. but sometimes, it'll be painfully obvious. After only one calendar year of therapy, my son's Board Accredited Behavior Analyst said that she had "not really seen a kid improve this quickly within the last four years," and informed us that he was ready to be mainstreamed. I loved this publication. Congratulations to Mrs. Noonan for perservering in the medical community to obtain care and understanding for her child.. It has a been too long since I've go through a memoir so moving inspirationallyand deeply jarring. This book, together with the publication "A Child's Trip Out of Autism" provided me the hope and perspective I had a need to go ahead with my own son's treatment program. I can't recommend this more highly In case you are a mother or father, a teacher or use autistic children, this publication is crucial READ. This book is a remarkable read from cover to cover. Her understanding and insight into a world unfamiliar to almost all people is nothing short of amazing. If you aren't, now, you might be soon. If you are the mother or father teacher or use autistic children, this reserve is crucial Go through. Cannot recommend it extremely enough. I was astonished and riveted at each fresh twist and change as different remedies got her closer and nearer to healing her kids.I came to this book as a person who doesn't know a lot about the experiences of parents with autistic children. The book is riveting, honest, educational and a delightful easy read.. Although I do not have a child with Autism, I was able to immerse myself in the tale as though it were my own. I could not put it straight down!. And it showed the Mom especially pushing hard on her behalf children with doctors, academic institutions etc. Noonan's children attend. It had been very real & What can I say! I could not deposit "No Map TO THE Country". Whether you are individually dealing with similar issues or not, you'll get a detailed look at an extremely real social problem for all of us all. Although sadly this process to reclaiming a child from autism isn't to be for everyone, for this family the blessing that reclaiming their kids can be inspiring and hopeful for most. Beautifully written Jennifer Noonan.
