Twist it! Enjoy the freedom and beauty of naturally textured hair. Yet, the actual caring, design, and maintenance of textured hair still remains a mystery to many. Braid it! Textured hairstyles like Locs, Braids, Twists, Cornrows, and Knots are the rage, adorning the heads of celebrities, athletes, and everyday folk now more than ever before. Loc it! Now, Diane Da Costa, celebrity stylist and master designer of natural hair, unravels the tresses of textured hair, providing readers with information on the correct care of natural locks as well as a step-by-step guidebook on achieving various thrilling styles. Textured Tresses will help you: -Identify and celebrate the texture you had been born with (whether it's wavy, curly, very curly, or tightly coiled) -Keep your hair healthy and strong by using hair products and equipment correctly and managing stress effectively -Select the right stylist and salon to fit your hair care needs -Transition from chemically relaxed locks to natural hair securely -Experiment with color, weaves, and chemicals -Achieve the designs you admire on your own favorite celebrities and recording artists Loaded throughout with photos, illustrations, and special celebrity sections, Textured Tresses is definitely a must-possess whether you already twist, coil, loc, or want to learn how to begin.

Textured Tresses New Updated Version Needed 2004 to 2014 This book was written in 2004 before the natural hair movement was all the rage! Studying natural haircare can be overpowering. Darlene Aiken, Author of How to become a DUDE: Your Total Guide to be the Best Possible You! Of program learning how to create several variants of the same designs for curly Afros, free of charge coily Afros, UPSTYLES and blowouts would all end up being very helpful now that these styles are all over the internet free of charge. It is filled helpful hints about how to care for your hair, in addition to many various ways you can style your natural locks. The book is great if you want to learn about your hair texture. Learn What things to avoid, learn a few organic oil recipes, as well as how to develop twist outs, coil outs, locked designs and learn about simple braid and weave styles for protecting styling for beginning organic hair ladies. Textured Tresses was my head to for learning everything from A-Z. Celebrity designs are great for inspiration and for those who want to learn how to achieve their looks. I put a few of her recommendations into actions on my hair already. And use their personal creativity to create more variants of the basics provided in the book. Awesome Book! I recommend this book to anyone looking to better look after their hair! This book continues to teach me how to care for my naturally curly hair. Otherwise you're just relying on everyone else or a stylist to Do it for you. I really like the publication and learned a whole lot as a naturalista and a natural stylist! Five Stars Good read I make reference to this book often and love the texture of the pages as well as the .. This was the first book to show the "twist out" ! Once I started reading it, I couldn't put it down. This is among the best books on natural hair that I've read. I finished it in 2 days! Maybe an updated version with more designs for all textures, and more affordable items that are recommended over-the-counter with all the brand-new terminology would help transitioners and the ones just considering going natural even more and become more insightful. There's a good section in the publication about recommended products. Everyone must have fun with the styles! Now you can find it all over YouTube and salons! This book is great, alone I would easily give it four stars. Purchase IT! Its a shame because other books on natural hair care DO have photos in the Kindle versions. I can't wait for a new updated edition to be released with more style options, advantages and disadvantages of the numerous products on the market today and simply assist all naturals to avoid destroying their hair with social media learning from your errors! It is apparent that Diane knows everything natural hair which book is an excellent blueprint for beginning or continuing your organic hair journey.. Diane DaCosta may be the hair guru!!! I make reference to this book often and love the texture of the pages along with the easiness of the suggestions! It does not have any pictures! This is a Must-Possess! This book .! There is a whole section on how to step by step styles to try in the home. Fast delivery of an extremely informative book! Please put in a section for best organic bloggers and bloggers to follow!. Fast delivery of a very informative book. Try different was yourself from these Basically instructions. Don't choose the Kindle Edition!! This reserve is an important little bit of your library! But the Kindle edition, which costs just about exactly like the paper version has no photographs. As such, the Kindle edition really should be a third of the purchase price. So, all the writer's reference to hairstyles and her various other graphics are not included here. Purchase IT! I like I desire it had more information on loc's nonetheless it did have a whole lot of helpful information and home remedies to take care of hair. Great ideas I purchased this for a gift for a pal who just starting wearing her hair natural. She enjoyed it and is trying the different styles THE VERY BEST Book for Natural Locks Care! It has helpful info for identifying your texture, properly shampoo and condition treatments, numerous products, which at the time written were a few of the only items available. Between items and styling and studying texture details overload left me sense totally confused. This is the book for you! Diane covers everything from understanding how to love your consistency, easy to implement

styling ideas and great product suggestions. If you are searching for a book with valuable info from a specialist this is the book for you.. I can't to read more out of this author. Great Tips Great publication about how to look after natural hair. I used these hints to nourish my color treated locks.
