Well intentioned, ill conceived This book was trying to be too many things and it seemed as though Kelly had no help writing this book and just rambled and rambled in places and threw in tips and contacts for various disorders as she discussed them.. May aswell read it. If you like the Osbourne family members like I do, it certainly will provide you with a lot of new information on this weird and complicated but happy family. It had been also written before her current gig on TV, before Amy Winehouse passed away, and before Sharon went on AGT, so if you're expecting anything about those two things you will not get those.What a bOnus! and beautifully I would add.It is okay however, not great. Want the ending have been a small better, but for an initial book-she nailed it. Loved the recommendations for people and young adults with mental, psychological, and addiction medical issues! And how hilarious is definitely this girl? GREAT READ THIS ONE Kelly is most grow up!! a touch too much "it really is'ims" in it- but hey, I could live with that taking into consideration all of the help lifelines she provides along with her complete honesty. Five Stars Great from a individuals perspective. But I am praying that she proceeds in her sobriety. You ROCK KELLY! Cute It really is almost written seeing that a teenager diary, short tales thru out. It was like a glimpse into her diary while growing up Oh Kelly While I enjoyed Kelly's honesty in this reserve, I didn't benefit from the recommendations all through the entire book. Three Stars Adolescent sort of a book...She's very much her mother's child and tells it enjoy it is certainly!" By reading the sample 1st, I mistook the book to be worth reading. Open and Honest This book was so candid and honest. The complete time the world was watching the Osbourne's on MTV and thinking we knew that which was going on. It was a publication where I said "Ugh, I just wasted my money on this book. A lot of same however in different wrds . Five Stars love kelly's honestyI'd love to see a follow-up publication from Kelly since she has grown! I didn't realize at the time of purchase that she generally geared this to her very much younger fan base. and now teading Jacks book .it This was an awesome read . i have browse I AM OZZY ... Another Osbourne #1 &... and alot of difference in the way Kelly and Jack seen things . Kelly Osbourne I read this reserve almost this past year. great book Love her soothing voice Really helped me Interesting Interesting biography about the Osbourne family told by Kelly's perspective. Had occasions of cringing and others were heart warming. For those who like reading about superstar lives this is a reserve for you.. Fierce. Kelly Osbourne I couldn't enter this.we were SO wrong.
