A "have to know" book! BROWSE THE BOOK! Five Stars Thanks. Now, a dissected aorta and 4 subsequent dissected arteries later, I know better - a little too late. It isn't worth destroying your life with this stuff. It destroys your connective tissue and there is no way to repair it. This volume finally puts the dangers of the drug family into plain language that everyone can understand. The recommendations for treatment and healing were ok. VERY INFORMATIVE on a very important subject!. I thought this book will be more comprehensive in its info regarding Fluoroquinolone Toxicity as the author was one of the leading experts in this area. A lot of the info still seemed very speculative. I thought the info and research was great regarding how exactly to possibly prevent FQ toxicity by taking . I thought the info and research was great regarding how to possibly prevent FQ toxicity by firmly taking magnesium and Vit E while on the FQ antibiotic... Everyone should .. VERY INFORMATIVE on a very important subject matter! Everyone should heed the warnings and become educated on the horrific harm these antibiotics could cause. All the chemo medications had scary warnings about who should not handle them, but this drug class, until lately, had none... For 20 years I dealt with this drug without clue to the fact that it was a re-engineered cytotoxic (chemotherapy) medication disguised as an antibiotic.
