Described as "mostly of the scientists who has accomplished a breakthrough knowledge of health insurance and disease," Raymond Francis draws deeply from his years of personal experience and professional schooling. A chemist and a graduate of MIT, Raymond exposes the truth about why the conventional approaches to health insurance and disease aren't functioning. It will empower you to select health insurance and never be ill again! We are the sum of everything that switches into our system – it really is our job to support it. Then, he reminds us that not only is there zero fun in being unwell, but we are going broke trying to pay the price. In MEDICAL Hoax, Francis exposes the truth about how to remain healthy and introduces us to a way of life that can become a "highway to health", while he quite efficiently demonstrates that we really don't have to be ill. Francis realizes that the just solution for folks and society all together is to keep health. But wellness is a solution that we must choose, as soon as we make that choice, we should learn how to achieve it. All we are in need of is a device to help us master the elements of health that are the most important. As the human being organism is an impressive self-regulating, self-repairing system, it is with the capacity of being completely practical and in excellent health for well over a century of vital, productive life. Francis believes that, through education, we can put an end to the epidemic of chronic disease while providing a solution to the biggest social and economic problem of this century?the costs of global ageing. When we make the decision to properly look after ourselves, our anatomies will incentive us with the present of good health insurance and extended life. Fortunately, learning how exactly to be healthy hasn't been easier?The Health Hoax makes it simple. This reserve is that tool. In The Health Hoax, Francis blends wisdom from his prior books with new info and research, then he pulls out all the stops and produces a simple roadmap to health to enable you to get well, stay well and never be sick again.

We have studied health insurance and experimented on myself with every ... Motivated me to stop procrastinating and perform what inside I understand is right. The Cause & Core of All Diseases! They are designed to conquer or delay some process, consequently they are toxic. I purchased both and provided this duplicate away to a pal as I love the design of the first book better and I did so not receive any better revelations from his newer copy. They are both excellent books which he points out the basic causes of all illnesses and lets the reader know that if they would like to remain healthy and fit they need not take any nutritional advice from the common medical doctor who have never been schooled in this subject and who just want to prescribe medicines and surgery. Among the health must reads A great book. Awesome read! He provides some great details and isn't vague like some other books. Also try, what in the cell is certainly going on. David Wineberg Great Information Great information. To numerous lies out there, issues we've just believed our whole life, things we have been told are healthful that aren't, things we eat that are poison to us, but because we are informed all this in society, we've no clue we are harming our bodies and we've no clue we can change our health and wellness but we can. That's a god one extremely detailed in the way the body functions and what it requires also. Two thumbs up. Thanks for a great book plus some truth amongst therefore many lies becoming spoon fed to society!!! FDA,,, AMA,,,, CDC,,, all only a Mafia security racket for Big PHARMA!. There is no need to be unwell and he shows you how not to become. Everyone should go through this book. Be healthy and live well, like I stated health is a choice. However people that have osteoporosis are directed to drink more milk. If you take your time and effort and read it you will great you can change your life, Health is a choice. And Francis loves to repeat himself, five, six, ten times... "THE TRUTH IS OUT THERE!" Essential ,,, MUST browse if your worried about the incorrect direction and actually criminal direction our health and wellness care has gone.... It's essential read if you like to be healthy. This guy isn't the only man with the courage to come forward,,, hundreds of GOOD HONEST people have come forward along with his SAME conclusions... Amazing results. Great book! If you want to stop queasy and achey, this book explains what's really going on and how exactly to correct it. Well worth the reading and studying. Francis finds specialists to back again his positions, but a lot of what he statements depends upon obscure, non-definitive studies and reports, most of which he does not cite. Not a diet. Just shows you what's wrong together with your current diet and points you in the right direction. READ on suffer the sad fate of our failed and perhaps evil, corrupt companies that are suppose to PROTECT us, but in fact PROTECT the Big Corporations! It really makes you stop and consider what you are surrounding yourself with and putting into your body. They are poisoned at every change by their atmosphere, soil, water, meals processors, chemical manufacturers, and their doctors. He cuts through all of the industrial misinformation and teaches you why the American diet is sick-making and also fatal, the way the medical business treats the symptoms and carefully avoids the root cause, and ways to change all that and become healthy and live to a century. nice good read and great info Five Stars Informative book. Motivational Great book. But what he says stacks up under close scrutiny. American medicine spends countless billions ignoring this, instead pumping patients with toxic drugs, unnecessary medical procedures, and unscientific, unhelpful treatments. Francis says there is merely one disease - cell malfunction. That is one of his examples where the treatment worsens the condition. In italics. If not for all that, their bodies would provide them with terrific service for up to a hundred years. There is nothing meant to cure, and then treat symptoms. Excellent! By his definition, all drugs are toxic. That is Raymond's latest book which is basically an updated version of his other book, 'Never Be Sick Again'. The Great American Health Hoax is filled with advice. I think this should be needed reading in high school and college. a huge selection of GOOD HONEST folks have come forward along with his SAME conclusions Seeing that in the X files. If cells worked correctly, you would not be unwell. The book is suffering from some issues. It is a very personal rant. There are no grays, just solid blacks and whites. I started slimming down and feeling better in 2-3 times without trying. A whole lot of his positions are arguable, such as his connecting vaccination to autism.. It follows that there

are really only two causes of disease: toxicity - too much of a dangerous point, and deficiency - inadequate of a needed thing. The more you take, the sicker you can be, because something will become thrown out of balance, if not really destroyed. It is one of those books for which it is pointless to use a highlighter, as the whole book will be yellow and you wouldn't have the ability to find a thing. Good info, on the must browse list. The reserve is well written at a level most anyone can understand. Raymond Francis may strike you as a crackpot in the event that you haven't done your quest yet. This is worth reading. I am in my 70s and Personally i think better today i quickly have in years because of this book and some others. Strident Indictment of Society Americans are fat, unfit and misled by their governments. We have studied health insurance and experimented on myself with every diet, cleanse, health supplement etc for 40 years, and when it really is all said and done, this book sums it up. If we would just help our anatomies stay in balance, we could and should avoid coping with this evil empire. If you are interested in learning the reality about health, the meals we eat, what your body must be at optimal wellbeing, that is on my must read list. Also cows' milk: it drains nutrients from bones because the body needs to neutralize it. If everyone go through this book, I think we'd possess a healthier America. I have already been slowing incorporating a few of the principles and I actually feel better. Everybody needs to read this book. This man knows what he's authoring. Good Book about General well being The author makes some valid points on topics regarding your body and how it really is self healing generally. I do believe that your MD just likes to give you pills which offer you other negative effects in addition to not "curing" anything. Strongly suggested. Great reading Great reading, useful ideas.
