Good Reference for Beginners This book contains a lot of information befitting starting to intermediate goat projects. The book does not go into a whole lot of detail and is more of an over-all guide on how to begin. A reasonably broad subject book, with an extremely nice launch to the choosing/breeding/raising areas plus some great photo-to-text message reinforcement. There is also a good section towards the end with simple goat illnesses, etc. that makes a good reference for owners. While it carries the FFA logo, additionally it is befitting 4-H members and also the general public. I'd not advocate this for someone who is breeding/showing professionally as it does not have enough detailed information for more complex goat projects.. This book was recommended by my mother-in-law who's been raising goats for years. This book was recommended by my mother-in-law who's been raising goats for years. Browse it before you buy goats - it'll make your life easier. Great info and graphics. I especially like the explanations of the different breeds/types of goats. Read . However, it really is great for children since it uses simple vocabulary and covers a lot of the basics.. A must have reference for all goat farmers. That is s great publication with lots of photos. Silly and boringly simple stuff Get this! Awesome!!! This book is quite informative. by covering all of the options so that you can make informed decisions. Best Publication On Goats! I enjoy reading and discussing it when I need some info on a goat. This is by far the very best book we've found for raising goats! It is extremely well illustrated and addresses every topic you would want to know. A must have reference for all goat farmers. Beginners aid for Goats Very useful, good read, good photos. The descriptions utilized are great. I recommend scanning this reserve if your looking to care for goats or if you already have goats. The photos and illustrations help to make the book. Profiles different goat breeds, provides simple care, housing, transport and feeding guidelines and gives a short intro to showmanship. This book covers the overall information well. Especially good as an over-all guide. Good, overall information "Pet" focus with a "Farm" emphasis! Well put together! I actually thought it was an excellent book to get ready me for Goat keeping I actually thought it was a great book to prepare me for Goat keeping. It touched base on everything goat. There is normally colored photos to check out description on the "how exactly to parts". You won't become disappointed in your buy! Great information and tips for all stages. It helps you make options on goat care and attention, fertility issues, etc. Great This book has lots of information and photos. Recipient liked it. Was something special. Basic info more for kids. Naaaaa Baaaa Spread this one! Not much info here that you wouldn't find out in general. great book Easy to read with great info for the new goat owner. Very educational great publication! Good ralead for a goat raiser or lover. Super easy to go through with plenty of valuable information, especially if you're new to raising goats. Five Stars Okay. Recipient liked it.
