The Book of Questions: Revised and Updated

[continue reading](#)

The phenomenon returns! That is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a great way to pass the time in the automobile. Originally published in 1987, *The Book of Questions*, a New York Times bestseller, has been completely revised and updated to include the myriad cultural shifts and hot-button issues of days gone by twenty-five years, making it current and much more interesting. It poses over 300 queries that invite visitors to explore the most fascinating of topics: themselves and how they sense about the world. Not to mention the meaning of it all—In the event that you had been handed an envelope with the date of your death inside, and you understood you could do nothing to improve your fate, would you look? *The Book of Questions* could be the only publication that challenges—and even changes—how you view the world, without supplying a single opinion of its. The never-endingly interesting subject of sex—Would you be ready to quit sex for a calendar year if you understood it would provide you with a much deeper sense of peace than you will have? The revised edition includes a lot more than 100 all-new queries that delve into such topics as the disappearing border between man and machine—How would you react if you learned a sad and beautiful poem that touched you deeply had been compiled by a computer? The issues of being a parent—Would you completely rewrite your kid’s college-application essays if it could help him get into a better school?

I thought the initial Book of Queries was a must-have, but this is the one you need. When I was young, my parents had this publication and used to (gently) demand that people "play" this book from time to time. #088 How often do you stage back and reflect on what your location is headed? This book has some awesome tips for building human relationships, sharing and connecting hearts. I used this book many a time with new and old friends to get to know them better, both in college, in my 20s and beyond. Questions that produce you think I do like the majority of of the questions in this book. Next, and perhaps moreover, the "follow-up" questions that some of the questions had have been moved from the trunk of the publication to a light blue font below the relevant queries. In sum, if you already have The Publication of Questions, I recommend buying the revised and updated version, and unless you already haven't the Reserve of Questions, I recommend buying this revised and updated version and trying it away with your spouse, your loved ones, your friends--it's the best way to get to know people and quite fun! Of course, there's no right or incorrect answer and each and every time I've used the book, folks have seemed to appreciate it quite a little bit. I recently ordered this revised edition and was really pleased with the changes. Try the initial edition first, then understand this version as a supplement. The questions, a mix of "what would you perform in this example" and "also important to you: x or y? In this manner, you don't have to clumsily flip backwards and forwards and find the question number. Interesting little book with a lot of thought provoking questions. Finally, and most importantly, the questions are fresher, up to date for today." and other emotional questions, are thought provoking and entertaining. Great For Writing Ideas, Dinner Conversations and Small Group Ice Breakers! The Book of Queries: Revised and Updated by Gregory Share is strictly what I expected and meets my needs perfectly! As a women's Ministry Director, I frequently create icebreaker queries for small groupings. Fast forwards to when We moved into my own apartment in college: these were delighted to dump a lot of their well-worn possessions--including this book--into my lap. It could also be useful for blogging topics, or supper conversations with family and friends. Fun! It was always thought provoking and usually an ice breaker.. Good book for pillow chat. Some questions have been changed, some have just been up to date for today's day and age, while other questions have remained the same. Question?..select from 290 different queries! Really makes you believe! Some are absurd but most may cause you to consider your current position in life and encourage transformation. The book has 291 questions (some have sub-questions, so to speak) covering a variety of topics. I experienced the original book a long time ago and saw this fresh revised edition and I like that its up to date. Smart way to kill period while on a long street trip. #120 Would you accept 2 million dollars to leave the united states and never set feet in it once again? You can't go wrong with this book. I bought this publication after remembering a mature version of it, however, I had lost the older version, so this was my choice. This book, like I said, is an updated version of Dr. Great Seller! What would be the minimum total seriously tempt you to take this step? It's an excellent publication to use when attempting to kill some time with friends, and get to know them a little better! So much fun! Deep questions that rilly help to make a lame night in pretty fun Must have.." It had been so fun, interesting, and thought-provoking that I sat there for over an hour answering question after query! nerdy, I understand) and after opening the publication for the first time, I immediately got to filling in "answers..I'm already deeply in love with this (work)publication! First, there are even more questions: 291, up from 217. Stock's previous edition of The Book of Questions. Love it.. Would less or even more self-reflection be good for you? but the original reserve had questions I'd request with any crowd - also strangers, whereas this book's questions could be more challenging and for that reason could be off-putting to people I

do not know as well, or who may be more challenged by the type of the questions. awesome I am a firm believer that book should be on every coffee table in the United States. This is a little book Great book to continue my coffee table. Start some moral dialogue people. Book of Questions Such a great publication that ignites conversations. A classic!! So much fun. Thought-Provoking Book We thought this would be considered a book full of silly questions but was the precise opposite. Four Stars Great pastime for a street trip! It's a great after dinner activity at a dinner party when the conversation provides lull, because everybody gets to know a lot about everyone else and everybody seems to like it. Purchased for a volunteer project. Gives great suggestions on subjects and queries that can make you think and moreover, open up conversations between several people. Way too many times you see a family with everyone glued to gadgets. It's a small book, not really regular paper back size. It's a little change but a definite improvement. The book of questions is an interesting small book with a lot of thought provoking questions; some, questions that you may not consider otherwise. Cool book This is one way to get to know someone without feeling like you are asking 100 questions. I am enjoying working my method through the questions little by little; The most interesting aspect of this publication is, as your answer to a confirmed question can transform even from one day to another, this book is sure to keep you involved for a long time. Learning reasons for having myself and my thoughts/beliefs along the way. Here are a few sample questions: #073 Would you possess one of your fingertips surgically removed if it somehow guaranteed you immunity from all major diseases? I just got this reserve today (along with a new set of pens designed for it. Purchased this book so many times. but book not as fun as the original version - seemed a touch too moralistic, not that that is clearly a bad thing. Great present.
