Good information. Just started reading. That is real look at real life in Ghana among the Ashanti and their look at of life and loss of life. Five Stars This is real Five Stars Awesome read.. Donkor's study for his PhD. I anticipate renewing the book therefore i can study some parts once again. This book is the result of Dr. Good information. A real life review of African Spirituality by an Africian This book is written by an African who was simply educated in the US -- rec'd his PhD from Emory U. A real teacher of Afrikan religious knowledge Quick and infomative I found this book a very quick read, but incredibly insightful especially with regards to the reasons for the traditions described. This text is suitable for classroom and analysis purposes or for those who would like to find about their African roots. African Spirtuality Very nice publication. Borrowed it from the library and could browse and understand the reserve. It delves into the consciousness in an individual yet impartial way, which I appreciated.
