New choice for my classes This book is fantastic. It has idea provoking actions that are excellent for discussion for course. Very detailed with chapter overview at end of each chapter..Useful referene to understand the evolving individual in relations to life experiences. Easy book to learn Very easy to learn. Nice short chapters. I love the example cases it gives. . This was very helpful. For a text book it had been good reading. Four Stars Very good condition For a text reserve it had been good reading. this book cam in new condition. Gives good information regarding development and all of the theories that are out there. Five Stars Wonderful. Must-read for helping professionals An easy read to greatly help understand the development and advancement of a human being from birth to death. have improved over the years I find this reserve easy to follow The written text books on Human development have improved over the years I find this book easy to check out, yet very informative.. Five Stars Needed it
