What a fantastic book. Therefore many great tips Just what a fantastic book. starting to explore beauty methods this book has the right points. I also like the fact he list makeup choices and not just his own series. Although I must admit I am a fan of Ramy products. That is a great makeup tip book. Obtain it now. That one does. I believed this book's beauty tips could possibly be useful for special occasions. However If you are someone who is just starting to explore beauty methods this book has some good points. I got tips that helps me appearance my best every day with a few extra steps that just add five minutes to my normal schedule. Lots of tips &. Lots of great guidelines! Who knew that this book is for guys also? However, if you have carried out any study or reading at all on tips and tricks, there actually is not a lot new right here. Sure makes me feel great. Was a gift Was a gift . I think right now I am using about 6 of his products. I am 66 and folks constantly think I am in my early 50's.I have already been using Ramy's products now for about 6 months and can already visit a difference, especially on the frown lines on the forehead and the those turkey stuff by your eyes, don't know what they are called. How exactly to Fake Real Beauty I of program like the majority of women want to appearance my best at any age and that's the reason I purchased this reserve.Let's face it, guys want to look good too. I think most likely one of the primary attractions for somebody is to find see your face who appears like they really do care for themselves, people.One product I must say i love is Ramy's Lip Essential oil. I live in Arizona and you pores and skin dries out very fast here. I feel the dryness especially on my lips but the Lip Oil needs all of the dryness away. Exactly as the title says, lot of tips . Practical Makeup Hacks What a surprise!Thank you Ramy, I appreciate your advice. I have ordered 6 books up to now and am giving them away to my children and friends. Secrets Spilled! tips for looking your best! This is an excellent makeup book. It is fun to read with lots of ideas and great, easy instruction to searching the best that you can. Love that this book is not just for young women, there are numerous good tips for all of us older ladies too! I can't say much for my eyebrows as I am Swedish and you can't discover them until you are method close up but Ramy even includes a section called guybrows that is simply for us guys. Well here's a man's viewpoint.I actually don't write many reviews and only do so if the product works the way is is advertised.. These things works for guys too. is an extremely well-written and easy-to-follow book full of great tips for anyone of any age This is an extremely well-written and easy-to-follow book filled with great tips for anybody of any age. Of course I have one for myself. Hey men.Ron A straightforward, great read to help you appearance your beauty best! Nothing special Disappointed I didn't find anything in this book that wasn't on a large number of you tube make-up videos .Everything was very fundamental . They are still there however, not to the extent these were.. What I am always searching for in books such as this and can't appear to find, can

be some REAL information on types of products (not endorsements of brands), however, many kind of clarification regarding the strength, density, coverage, grade of product, and advice as weather drug store items that available to the regular open public reading this book is good enough or do you will need more professional products. So many great ideas. Most women don't mind investing a lot of time preparing for those photo-op moments. We never could have thought that the day would arrive when I'd be studying a book on make-up but I have and carry out. I was also disappointed with having less pictures that show the steps..
