Enjoy!.. A very loving couple They overcame hardships which brought them also closer jointly. The anticipation of getting the letter, keeping it, reading it and re-reading it really is an extremely special feeling that can't be replicated with electronic communication. Uplifting What a fascinating, informative and truly enjoyable book. In this day of light speed get in touch with and email, I believe it's fabulous that these two still possess their hand written letters to each other. I congratulate a life well lived to each of them. I myself still write a few hands written letters and also have found they are really well received and really bring happiness to the receiver. He was an excellent actor and was among my favorites back the day. The bond made all those years ago is truly very strong today. Just what a tribute. I love biographies but this browse like a sanitized press release. I thank the Douglas' for sharing their thoughts. We ALL should take their attitude towards existence in instill it to your selves. It reminded me of just how my dad (same age) could have created his biography. I go through this book in just a couple of days. Still I treasured his patriotism and his appreciation for what the united states has given him.ESSENTIAL READ Wouldn't normally purchase it again. It was nice and rather properly worded It was lovely and rather properly worded; Or simply wait for him to get aged and feeble and want her given that he is a century old? The reserve reads directly into the heart and is indeed hard to put down. But that wouldn't have already been the real Father. I'm saying it was a little stilted. HOW GENEROUS OF KIRK DOUGLAS AND HIS WIFE, ANNE, TO SHARE THEIR BEAUTIFUL LOVE STORY I love reading about the lives of famous people, and Kirk and Anne certainly didn't disappoint. the HOLLYWOOD MIRROR or comparable. I loved the pictures and the detail on Anne's background but it was pretty much a snore. The political reference raving about LBJ and additional Democrats in power at the time (and how honored KD was to serve them) got me back to actuality and reminded me how Hollywood is definitely in kahoots with DC. Can't say enough great about it. Five Stars I loved the open up honesty of the reserve. The pictures through the entire publication were interesting and actually made the book even more exciting. I was nonplussed.Furthermore it go through just like the PEOPLE magazine of your day; I liked it! Not only perform I admire Kirk Douglas for his exceptional work in movies, this book reveals what caring philanthropists they are. Their like story and experiences in Hollywood were amazing reading and I experienced trouble putting it down. Loved the closeness Loved the closeness, independence they allowed between them in the ridged world of their own time and the way both told the story. So many interesting specifics of a period before I was created. Love when classic films show Kirk strength and tenderness, now knowing where he received it from, his lovely wife Anne. Not that great To very much name dropping ,appears like they are insecure..I wish We hadn't been the main one to recommend it to my book club but I did so. The publication also contained many photos..two very amazing, loving people. A very enjoyable book - not merely did the Douglas' talk about their letters to each other throughout their courtship and relationship, in addition they shared letters sent and received from people such as Frank Sinatra, Tony Curtis, Henry Kissinger, Barack Obama, the Kennedy's, and many others.. If you want Kirk Douglas you will like the book. This book is fairly inspiring and uplifting. Do Anne do the same? A must read. I love most of Kirk Douglas 's books. I love most of Kirk Douglas 's books. It is too bad that letter writing has truly gone by the wayside nowadays of texting and twittering. Good read. A silly book Kind of silly to applaud a relationship because it endured decades. Kirk and his philandering are quite notorious. In his own autobiography he appears quite proud of it. I likely to read something brand-new about

his life but it was dull and boring. befitting the time.
