This comprehensive compendium addresses all aspects of self-protection knives, including their history, development, and technology, and also practice, training, and combat techniques. The most important combat knives and knife combats of Hollywood films are included. Visitors will learn the basics of Wagner's reality-based training system. Learn about the historical development of modern self-protection knives and their various technical systems, styles, and materials. The book covers various possibilities for carrying an SD-knife, answers queries such as for example whether a folder or fixed blade is the right choice, and gives recommendations on teaching knives. Contributions from well-known knife and fight experts such as Sal Glessner, Michael Janich, Frank Metzner, Joachim Friedrich, Dieter Knüttel, and Sohny cover particular topics such as butterfly and karambit knives, escrima, and self-defense against dogs.
