This is purchased with a couple of other books on a single subject and I would recommend all of them I have zero knowledge upon this subject. in the world of eldercare everything you will get your hands on is effective and I must say - thank you to Eldercare for Dumm I am no usually a customer of any book referring to me as a "dummy"; I checked on some of the article's validity with my lawyer and he agreed with them, which really is a recommendation of its. Maybe that's difficult but until recently had never also considered the duty of eldercare. It exceeded my expectations. What I have read here was informative and did answer some of the queries I had and i want to know there have been other questions I had a need to ask. Well structured, well crafted current information. Excellent way to obtain information 5 Star Tons of good info in a simple language. . IMO this reserve should focus on those basic programs then proceed from there.. There is so much to learn concerning this age of want and concern. before reading. great book I am still scanning this book. Very Helpful I was hoping that book could be helpful for look after our mothers. I wish We had purchased this reserve years ago. this is a very good resource to help you protect their assets while exploring ... For those who have aging parents or in-laws, that is an excellent resource to help you protect their assets while exploring the available programs designed to provide healthcare. I purchased it to learn about myself as I am elderly today therefore is my partner. This is purchased with several other books on the same subject and I would recommend all of them. It answered all my queries and offered more information than I thought I'd need. however, in the world of eldercare everything you can get your hands on is effective and I have to say - thank you to Eldercare for Dummies - it has provided an extremely easy to understand strategy to use about handling elder parents - so to those who have read most of the other books out there and are still a bit at night - I believe this was spot on. Four Stars some good tips Somehow, get familiar with Gov't programs -Soc Sec, MediCare, etc. Plenty of tips for caring for aging parents, in addition to, useful medical, legal and monetary advice. Being a "for dummies" book I assumed it might be written for all those of us with nearly Zero understanding of what, where and when. This book let me know what I need to be aware of and what to possess in place for future years. I think most people under a particular age only know plenty of about Social Security to think that at age 65 they'll get a authorities check. I for just one couldn't tell you the difference between Medicare and Medicaid nor which applies to eldercare.. Overall, I acquired the right info from the reserve however, not what I was expecting or specifically needing to learn. this is a great tutoring tool If you are part of the sandwich generation with limited knowledge, this will be a great tutoring tool. I wish I had purchased this publication years ago. It prepares you for a few of the challenges.
