Very fun book! Going in to a little free library! I didn't need to get him another bow tie, so I bought him this reserve. I thought it might be fun, it was so much more than expected! Don't bother Not wonderful. It had been for my hubby. Maybe fifty web pages of stuff spread over 100 pages. ok book was a gift and somewhat disappointed that instruction much less well explained for newbie. He loved it and we had some good laughs. Some clever quotes. Lots of meh shutterstock fashion pictures. Mostly wasted space. A successful present My bow-tie-wearing friends (yes, I have 2) loved this present, and one of these bought a duplicate for his bow-tie-dressed in doctor. This was something special for a pal who wears lots of bow ties. It just had images of bow ties. Two Stars I thought it would teach how to tie bow ties. I enjoyed the anecdotes As anyone who has worn bow ties since I actually was in senior high school, I enjoyed the anecdotes. Five Stars great fun little present. cute book Didn't understand what to expect. Great coffee table book.
