The ultimate do-it-yourself guide for camping and wilderness survival.- Professional Outdoor Press Association Pinnacle Award for Book of the Year This monumental full-color guide to the outdoors features more than 600 photographs, diagrams, and illustrations, clearly explaining and illustrating the most successful approaches for any camping or backcountry survival scenario. Sure to be an indispensable resource, it includes in-depth insurance coverage of tents, bedding and sleeping bags, boots and footwear, leave-no-trace methodology, camp and backpacking stoves, camp kitchens, menus and cooking, equipment, backpacks, ropes and knots, and boats, recreational vehicles, and all-terrain vehicles.Champion 2017 This reserve is a must-have reference guide for both novice and experienced campers. Emergency and wilderness medical, navigation and pathfinding, shelter building, wilderness search and rescue, acquiring sustenance through foraging edible vegetation, survival hunting and angling, setting snares, and nourishment, planning, and cooking of game are all explored at length. Walking and camping in the backcountry is certainly fully protected, along with wilderness survival abilities. From the writer of the award-winning Complete Outside Encyclopedia, this volume may be the most satisfactory camping instruction publication published.

Good book A lot of good details.. This book is a wonderful resource for learning and posting skills that give another era an appreciation for nature, and how to become self-reliant in the outside.. Great for a crisis disaster package or camping. I acquired this for my boy and he loves it. Scanning this book may be the next best matter to having the writer, Vin Sparano, sitting at your campfire prepared and willing to share a lifetime of encounter with you. Excellent Camping Resource As an backpack camper, dad, and Scoutmaster, I can't recommend this reserve enough. I acquired this for my child and he loves it . He says there is a vast amount of details in the book.
