Like eating a container of mixed chocolates I was fortunate to receive an advanced copy of the book.. In case you are longing to embrace your 40's and beyond this publication is for you and all your friends. Spiritual life the truth is! And Leslie ties everything collectively beautifully. Eat one speaks if you ask me in a slightly different way. Very inspiring A fun and encouraging read. It's like reading the best diary entries from 40 wise women. Read yet another. Then it was over! I examine every page--and didn't gain a pound ; Excellent read! I recommend this book to anyone girl who dreads turning 40, 50, 60, 70, or 80. There's good news coming. Our bible study used it as a discussion guide. Thank you because of this wonderful present.!I'm a counselor and author who studies happiness therefore i know that a lot of people get happier and happier with each 10 years, and they possess their peak life experiences in their past due 60s and early 70s. Your travel guide to the sweetness years! You've heard about many of these ladies, and you'll be introduced to some new ones as well.Isn't that great information?The book's author Leslie Leyland Field's is an excellent example of a woman living life to the full. She lives in Alaska and helps support her family members by catching salmon. On the side she teaches, writes, and travels. Nestled alongside her adventures, you will discover stories from 40 additional "over 40" Christian authors. A treasure!Buy a copy of this book for you, your mother, your sister-in-law, your grown child, and a friend.They will say many thanks. After that they start to decline a little bit in regard to happiness (as close friends die and wellness declines). If you're in or actually nearing these wonder years, this powerful reserve is normally both a travel information and companion. My forties have already been hard, as fact and gravity collided with me in the middle. But they've been THE most clarifying and freeing decade of my life. There is the voices of ladies to be somewhat hushed in my middle-ages.". As I look to my future, I fully expect the a long time to be full of wonder. It's tempting to sit down quietly in a lifestyle that feeds on youth, as though we have nothing valuable to say. These women share about everything from beauty to motherhood to grief to later years. Stories that bring to mind a female many know: "She actually is clothed with power and dignity; Don't assume all chapter spoke to me (there are 40 different authors, in the end!" (Proverbs 31:25) The Wonder Years is a chorus of laughter, tears, resolve, and adventure. I'm on the cusp of my fiftieth birthday. Don't miss it! Dad always said, "Don't exist while bystander sport! I came across myself rationing just how much I browse each day, just therefore i could take the time to enjoy and think about each piece! Mary e Casey At the moment .Dad always said, "Don't exist as bystander sport! But these last a decade have been lonely too. If you are 40 or older, or not really, this book will bless you, or some who is. Having attended a writer's workshop trained by Leslie Leyland Fields, I had the privilege of previewing it. These Great writers will encourage you to live the

next half of life with question - embracing all that God provides for YOU!! Leslie's writing is genuine and vulnerable and stirs my center for even more of Jesus and Jesus living. In case you are a women of any age, you will glean therefore much from this reserve of wisdom. The compilation of essays make it a great read and allow you to hold out with so many lovely and different woman who are over 40. The one thing better would be having all of them in the same room for a live chat. Many times I have already been asked to choose as "favorite" essay. These Essays Speak To My Heart Women have a lot to say, and these mellowed voices of women with a couple of years behind them and several years ahead of them speak into so many areas of my life. Well I am so glad I found her I discovered this writer when she was a guest "on the porch" of Ann Vokamp. This is the perfect Mother's Day present and I'm giving several away to friends "of an age group". Try one more. To begin with, the list of writers this reserve includes will blow your mind. Fiction just will not catch me like reading and learning from the wisdom of 40 talented writers. It covers topics that I've lived through and I found myself nodding along and various other topics that I've just wondered about. I found myself reading passages aloud to those around me as the writing was therefore rich. Loved it! Well done Leslie. I'm 53 or more to this point have not really struggled emotionally with ageing. From the joy of adoption to the trials (and laughter) of menopause to the wonder of maturing gracefully, I came across well-written essays that made me laugh and cry and those speak to my center. I was intrigued when I go through she and her family had been salmon fishermen in Kodiak, Alaska because my children had spent three years in Kodiak. Well I am so glad I found her! I adored this book.! I loved this book and have simply bought 8 copies to give to some of my children members and friends who are over 40.! I acquired the chance to read a sophisticated copy and it was sassy, full of lifestyle, encouraging and covered so lots of the life events that seem to come with these beautiful and yet sometimes difficult years. Pretty! Good book! Would make an excellent gift! Loved reading it Loved it. Moving in one essay to another was like consuming a box of blended chocolates: each was delicious but not the same as the last. At 52 it motivated me to keep living and loving well. Keep going Lifestyle just gets better and better! We enjoyed the humor, the inspirational tales, the scripture references and how it challenged us to become all we were created to be, no matter what stage of existence we were in. Five Stars My wife loved it. It's like getting advice from an older friend over coffee. I love these are short, true stories. However, most people never get anywhere close to the unhappiness they experience within their 20s. That's often the wonder of anthology. The ladies of "The Wonder Years" defy that myth with their deeply personal stories of reality and gravity, grace in loss, hard won wisdom, and strength. No subject goes uncovered really. Suggestion: my absolute favorite method to read collections like this is one at a time

before bed. I cannot. Love the stories of God's signifying for women written by genuine people that I can relate to! Full of wisdom. I've read it cover-to-cover.. Great book!! Great Mother's Day Gift! she can laugh at the days to come. It was motivating and encouraging to learn from so many women going through different stages in life.), but many do. I found lots of wisdom and encouragement in this book for the issues that come with aging as ladies.) Yes. I love her blog and can't wait to read another of her books. In fact, as each year goes by I seem to get happier. This book will encourage any woman who feels as though her best years are behind her. I loved this publication so much, I didn't want it to end. Each writer provides her own version of challenge, inspiration, comfort, and/or encouragement in only a few webpages.". I really can't. I don't frequently want to learn books over again, but this is definitely one I will. I recommend it to any woman at any age group who wants to live more intentionally.
