[This] book's unfading preoccupation with social context, social processes, and social structures distinguishes itself and greatly contributes to the discourse in gerontology. The text is uniquely structured, offering theoretical discussions in each chapter and topical essays between chapters. It addresses main shifts in public policy, social institutions, and aging-related programming initiatives. This 5th edition describes important adjustments in neuro-scientific social gerontology and the growth in such topics as diversity, global ageing, and the life course. Presenting a target view of the realities of maturing, both positive and negative, the book examines ageing from micro/macro, personal, community, societal, and global perspectives. impact on the larger society Discusses major public policy adjustments and innovative services and programs affecting old adults Uses detailed good examples to illustrate the difficulties of sorting out age group, period, and cohort effects in research on aging Covers the Affordable Care Act and up-to-date details on Medicare Features brand-new information on end-of-life issues Presents provocative essays on positive and contemporary issues not typically covered, including love, sex, creativity, mass media representations, LGBT ageing, and crime Targets enhanced health and independence and aging-in-place initiatives Provides learning objectives in each chapter and web-based extracurricular activities Includes PowerPoint slides furthermore to an Instructor's Manual Additionally, the book includes new information on the Affordable Treatment Act and end-of-life problems. --The Gerontologist This classic text, right now in its fifth edition, is distinguished by its focus on social context, public processes, and interpersonal structures within a broader understanding of the sociology of aging and the life span course. it is also used effectively in introductory gerontology classes. Written in an engaging style, the written text is for graduate and upper-level undergraduate students; Critical thinking and review queries foster an in-depth knowledge of the material. Furthermore to an Instructor's Manual, the fifth edition right now includes Power- Point slides. NOT USED TO THE FIFTH EDITION: Provides updated data on ageing and baby boomers in the usa and world-wide Presents expanded concentrate on baby boomers'; There is a strong concentrate on the changing landscape of aging, particularly in regards to social engagement, work and lifelong learning, improved health and independence, and livable communities for folks of all ages.

School book I'm only in the 4th chapter but up to now it has been a super informative book and great for school. I'm very satisfied. Good assistance. Took some time to reach but it's alright because I got eventually to go through it on Kindle while I was waiting around which was brilliant. Great The book looks great. racist and dated The books has some information that's dated and not factual or relevant today.
