... Just what was needed. Great Purchase Every caregiver could reap the benefits of this fine reserve. Great book. This small book is filled up with wisdom and compassion. I purchased this for a friend who is overloaded with several areas of caregiving... This small book is filled up with wisdom and compassion. It will be valued by everyone who truly care for others. Five Stars I enjoy this group of Nouwens writings. Each member of our Care Team at church offers one now! I looking after my aunt and it had been a great choice to learn then I browse this at a time when I looking after my aunt and it was a great choice to read then, It gave me an excellent perspective on how it felt to be the one that was being taking care of versus my role. . Her words were, "It'll be with me wherever I proceed." excellent excellent It really is beautifully written - a way to obtain comfort and path for ... Like his insights and the work that went into putting this small book together. It really is beautifully created - a source of comfort and direction for one experiencing this component of life's journey. Five Stars Very well written and extremely helpful! This book was presented with to me as a gift and encouragement in my own new role in life. Five Stars Henri was the best! I believe it gave my aunt (who provides offered July24th) and I a straight closer relationship.
