Absolutely stunning! In the event that you know anyone, or if you yourself are into makeup, this is actually the perfect buy! I was shocked to get it and realize I only paid \$30 for this! The book is huge, has gorgeous colored webpages, and for the quality, should be more costly! I am a make-up artist, and have experienced love with MAC since I was 16 years old and started my interest in cosmetics. Can't inform who could have been the culprit so not blaming anyone in particular. I am going to place this in my own studio for everyone to enjoy. There was small amount of cracking on . Amazing item Great item , gave it to a friend who's obsess with mac products Amazing collector's item Awesome book Great find! I can't even begin to tell you how much I LOVE this book! You won't regret it =) Makeup artist and professional photographer dream book! Great Book Superb book with Great Visuals! My daughter didn't mind so I didn't exchange it but someone needs to be careful. I purchased one on pre-order and then after getting it bought another immediately for a make-up artist who was simply having a birthday. Ideal gift for any fashionista, makeup artist, model, professional photographer or fan of artwork and talent on their coffee table. So worthy of the money Is a beautiful book. He said hed by no means seen one in true to life. There was small amount of cracking on bottom part. Great purchase My brother who just made Mac store supervisor in California (yay) love this as a birthday present. It has a clear protective cover on it, so it's easy to clean down if needed... Is a lovely book. The book is usually a amazing quality and the picture are radiant like youd expa Mac product to be. I wouldn't even care nonetheless it was something special. Miles is the best photographer, and his last reserve " I Only Want You to Like Me" is certainly a prized possession in my own studio, therefore i am extremely biased, but that is simply an amazing assortment of pictures and all aimed toward the makeup artists. It's imprinted in Italy, so you know it's very high quality print. I can't say enough about this book! Love searching through this reserve. Inspiration at its greatest. Five Stars A very beautiful photos from a specialist photographer inside this book. As a fashion professional photographer and collaborator with many makeup artists i can say this is SUCH a phenomenal book.
