This book is a superb resource for myself and my daughters I have very frizzy hair which requires special treatment and styling. Five Stars Sister loved the reserve, plenty of good tips Three Stars Couldn't find a one hairstyle that I would be thinking about.. All lengthy and/messy hairdos right here..we flick through every time you want to change our design. What fun! .. Good book, but We couldn't follow it very well due to my skill level. styling hair and looking after your hair a great a lot of details in this book from styling hair and taking care of your hair an excellent buy Five Stars good for cosmetology student or simply for home use.. Five Stars love it Five Stars Informative. This book was good although I wasn't very good at trying two of the styling techniques for my hair length. This book is a good reference for myself and my daughters..
