It is similar to that friend who listens to you fret and gives .. An excellent addition to my collection. This book is just a little gem and can be utilized just as suggested on the cover: "Keep a problem in your thoughts open this book to any page your answer will be there!" This is simply not the kind of publication one reads from cover to cover, rather it should be an event driven read. I maintain my duplicate on my night stand for convenient reference. It is kind of like that friend who listens to you fret and provides you a pop of insight at the right moment. Helpful find Wide variety of inspirational estimates. This book constantly opens to the right page to greatly help us find what we've skipped and allow us to make options from wisdom and reflection verses response. It also has a fabric tassel/bookmark attached from the binding making a nice contact. It can amaze me how more often than not the estimate you randomly open to pertains to your question/problem. Your Inner Voice This gem of inspirational quotes has been "my" guide since its first pocket edition in 1999. The books of the collection will likely remain on my gift-providing list for several years to come. It can amaze me how almost always the quotation you randomly open up .. This book provides helped me through many trying times! My only gripe is that the picture shown isn't like the book I received. So, I frequently buy more copies .. A few years after she passed away it got lost, and I'm so happy it's back my life .it makes a great gift!. I felt the need to write this review and sing my praises concerning this collection after receiving other books in this genre by a different writer which proved to be greatly disappointing. I've had this publication for about 12 years now.. And in those odd situations where we don't know, this book presents insights to give us peace. The quote on each page credits the origin that the quote came which is good to have available for when I shop around for other motivational quotes. It is of course only a silly little book, but it helps to read something inspirational when items are not heading well. For the intended purpose of divination through bibilomancy, the assortment of Susan Haywards books has my top recommendations. They are easy to communicate with and have an extremely fine reciprocating energy. The estimates possess depth, dimension, and an excellent loving energy within them. Five Stars best book in the world Gorgeous solutins from the Universe This is a great book to have a look at everyday. Its writer, Susan Hayward, provides compiled 215 pages ."In this instant it feels very essential to me to focus on our inner voice for "the simple truths " and reading a full page of the wonderful book nearly every morning helps me personally to balance and concentrate on what, if you ask me, is important. Mine experienced different lettering which seemed half as fine as the main one on the picture, but hey. This book has an attractive cover using its inside text written in calligraphy script..the book isn't about its cover....I very own many books of the type used for divination through bibliomancy and practice this magick daily. I use it often and also have made it something special to many people. It has additionally steered me in a good direction on purchasing various other meaningful books due to the references to the author and/or book titles. A reserve that connects us to spiritual insight and brings magic and mystery back again to ordinary living. I've bought several of them as presents..Ask yourself what you need to know or do in regards to a circumstance and "Viola!." You and the Universe answer it, with great sayings! It works as well! Five Stars This book has lifted my spirits and given me that aha moment to believe. Let Heaven Guide You Sometimes we simply need to hear the voice of an increased power. Can be extremely helpful in finding answers in dealing with problems you may be experiencing!.to quotation the writer " my aim was to make a publication of simple truths from many different philosophies to greatly help the reader concentrate on their Inner Voice. One of a kind It's a tool that every person should keep near by Love this book My mom had this publication and I adored it. Four Stars great gift
